

December 16 Promised Day - The New Cycle Begins

Introduction to 463 KSW

Note: Not checked by KF interpretation by KS of KF Brazil

December 16, 2022 will be remembered as the turning point in the development of Man in the process of discovering and living in his own Soul. The Christ attempted to teach this 2,000 years ago, but at that time Man was not ready for it, and afterwards the religions formed, but the leaders didn't understand the essence of the message and started creating dogmas of confusion. They have encased themselves in concepts that can never be fulfilled. Therefore they will not be a part of tomorrow's celebration of the Promised Day, the day we all, as well as them, have been waiting for. Nevertheless, we shall carry their Souls along, so that the return of Methi is truly fulfilled.

Just like at the birth of Christ when the pure and innocent Souls found their way to celebrate the event, so too tomorrow, only the layman of the Earth along with visitors of the Universe will together create the "Dome of the STM" and begin the interaction with the Universal Community. Even in physicality all the signs and symbols are there to show that this truly is the start of the change. The feeling for many of us is, that something profound has indeed changed, but we are still trying to understand exactly what. The spark has been lit and it is up to us to fan the flames, that the fire spreads and burns up our ignorance.

Tomorrow manmade Cosmic Rays will be used in the systems, as well as fields from the Cosmos that are not part of this planet. Another beautiful gift to mankind is that the Soul of the Creator, Mitra and the child of Mitra will all be present in the session. And members of the Universal Community have taken birth on Earth as ambassadors, just to participate in this event. That our friends from outside Earth will be watching and waiting to see the new light of the STM shining in the U. The change that will effect the whole Universe will begin tomorrow on Earth. When humanity flips direction to accept the new Knowledge, then the others will start flipping also. To be a part of this Cosmic event is truly beyond our imagination and how fortunate are those Souls who took part in it.

These sessions will continue to happen monthly until the change is complete. In this way the "fire" will spread across the planet. The call is for all of us to join in and be part of it. No religious leader, nor president, nor nation can stop the process that has been started. Even if they were to shut off the Internet our Souls are already connected and will continue the process. So when somebody asked if this will bring the world peace, the answer was wait and watch what happens tomorrow and there after. How can we have world peace if the hidden cause of the wars does not change? Therefore it was stated the Vatican will come to an end and world peace will begin. Another beautiful symbol was shown through the Italians. First they came in a flood to Linz, but that was to say good-bye, and now they don't come anymore. The Romans continued to rule this cycle through their Church, and now that the cycle has come to an end, so does their abuses. The man

now will gain the knowledge of his own Soul and become free. The power released through the system and the Soul of the Creator will cut through the ignorance and many will get enlightened, if not tomorrow in the coming time as they mature. The counter balance to the ignorance of physicality is the love of the Creator. All that was promised is coming to fulfillment, but you need to look through your Soul and then it will be clear.

A little hint was given by Mr. Keshe in this workshop. He said, that for the first time he saw the mist forming around the top of the systems in the Linz flight room. What I understand is that the plasma has been formed. All the Knowledge Seekers who came to Linz to be part of the tests and even those who joined remotely through the mobile system have added part of their plasma to the system. Now the proof is here. In a way, isn't that the way we first see the Gans's forming in our Cup, it starts out like clouds. Have we created the "Gans of Planet Earth" in that system? The conditions are all here, nothing can fail.

Another Christmas gift was given to humanity by Mr. Keshe. He will release another paper on what he calls, "psycho genetic." You can read the summary, but this is so important that it will again change the world of science. In brief, psycho genetic has to do with the emotions of the ancestors modifying their genes and then that gets passed down to the offspring's. The implications go way beyond that. This is the crossing point where our emotions have the power to effect and create the physical manifestation of who we want to appear as. Now we have the scientific proof of it. But it also means if you want to change your eye color, then you do it through your emotion and not by chemically manipulating the genes. One of the next steps in our education most likely will be how to understand, create, and control our emotions. What is interesting is that in these sessions you sit and listen to the silence of your Soul. Maybe the deeper we go into the Silence, the more we come to understand ourselves without the denials of the physicality, and then we'll discover about our true emotions.

There are more beautiful things to study in this workshop. The Christ brought the essence of the knowledge, but we show it in physicality. Now not only are we ready, but we have the capability to understand it, and the satellite structure to spread it across the whole planet. What happens tomorrow is what is meant by, "we all become the Messiah of our own Soul and nobody else". Now the knowledge, power and technology is here to do it - without fail.

Thank you for listening
