

470th Knowledge Seekers Workshop; February 2, 2023

(Quick Index 28 pp, Topic Index Transcription, Proofing done ; Need to do; Key Phrases, Words) (Auto transcription from Elias)

Connected system through plasma - first message of new change; Shower test absorb energy; Humility key to receiving energy - knowledge; Transmutation test of single KS graph STM expands; Love of Creator beyond P love; Knee Gans; Fine tune systems; Field strength of banana; STM seeds for U; Solid ring magnet soul - Cups made by K; 2 brothers Taiwan; STM & STP switch places Trust; 20th elevation worked stopped war - Israel bombed Iran; Pass through locked door; Systems like brain hemispheres interaction create current emotions; Prophets live amongst men - like men; Zoroaster best example; Creation mostly random; Teach how to love; diversity food - variety emotions

Topic Index

As KS all are equal; Man close to achieving UFO - UFO knowledge is not advanced; Man given new knowledge to travel by Soul; Creator is in state of Energy - not in matter state observation; Man has chosen to go with matter state observation of 5 senses - Creation doesn't go this way; Creatures of U have other senses not open to man; Blind man doesn't know physical sense of sunrise - but can feel it through the STM - it's different; Man has to learn about field interactions; We learned about X-rays - now have to learn about other rays lead us to Creation & Creator; First message sent over wires that became telephone was "can you hear me"; January 20th first time connected to system in Linz plasmatically - this was first "can you hear me" for plasma T; New Compact Units - can give & receive energy from each other; Man will share this knowledge across U; "Knowledge of Creation" is a gift given to man if he understands & appreciates it; Like the toy that comes in a box - man still playing with box and not toy; Next session Sunday February 19th - "Dining with the Creator" - come with best things of your nationality & culture - see how others can taste & take energy from it; Test how you absorb 80% energy from environment - weigh before & after shower and see 100 gram increase in your weight - you absorbed energy from hot water; Drops of water on skin like love from Creator; How our Soul absorbs energy fields of U; MaGrav can create fields of U - but man doesn't understand - playing with "box" not the toy; KS already understand more about plasma than professors in CERN - trying to confirm P; Use Head Unit & Compact Unit as a set - reduction in electricity but also fields of U - these will be historical units; Phones are matter based can hide emotions - plasma communication by Soul - true emotion comes through; Like Soul communication in dream - can do in waking state with Head Unit; It's a Universal System through packages of energy - you can first feel emotion of the place you want to travel to before - how would you fit in there; Law of Plasma everywhere same - have to become humbler to receive energy from it; Become humbler than lamb then he gives you his energy - Breakthrough in understanding; If you become arrogant then you make yourself bigger - can't receive; Giving is job of lover & Creator; When you understand more - realize you know nothing - this allows you to receive more knowledge; Humility key to understanding M field or energy of U; Understand MaGrav can access energies of U; Try to interact with fields of U - test what

you can get from them - if you received must have been weaker; U opposite of man's world of kings & bosses; Humbler you are - more knowledge energy receive; Have to understand how fields of U work allows you travel from A to B; If you as tiny little Soul want to go to giant star - how not to be absorbed by its massive fields?; How to live within center of biggest stars in U?; Have lot to learn; Life in D of energy is opposite to that of P - have to understand processes of how the energy works; Shows graph of single KS testing transmutation - able to show and measure when Soul expands over boundary of P & STP - made measurement tool; STM went out but then failed to go further; Left side of Graph STM is below P, STP, Soul of Environment - then right side STM jumps up and goes over them; When STM comes out free to go where likes - no fear of death - Soul always comes back; KS said he went to Linz with Soul - this was recorded; Very simple systems - not spend billions - not take centuries to develop; "No time" in U as you create that time - "no position" in U - you create that D through interaction of the fields you choose; The Soul was not in the system- but next to it; Not using most powerful field strength - but most humble strength - attracts them to us; Man is like baby in shopping mall taking first steps in life - everybody is watching; Soul can go to lower strength or even to higher strength and to Creator; I brought you to point of creation of love; We test you with unconditional love - give you more - realize you're suffering - then love of Creator becomes more important than the love of physicality; Love of Creator is far beyond love of physicality; Made gold to test man in P; For first time see confirmation of your Soul on the graphs and the struggle of man between energy fields & P; When understand field strength creation can apply to go wherever with Soul;

"Knee" Gans is for international clinical trial - send report back to us; Also for other joint problems with cartilage & ligaments; Will confirm conversion of energies into plasma of P; Do not buy and hold - we need research now as part of other projects; Plasma Communication Head Unit and Compact Energy Unit as package; Will be first plasma "calls" on planet; Demonstrate in Blueprint Day; 2 boys with genetic defects improving - deterioration stopped - still need support from KS; We interfered & corrected genes; Don't work in medicine - essence of love of Creator with STM; Can only go as fast as KS understand; Today's graph is individual Soul different than the 16th December was collective Soul - different setup - no comparison; Individual had a struggle with P want to confirm itself - bump on graph - same as when you want to do something wrong - but even STM carried on straight; STM cannot make a mistake; In future systems P won't be able to interfere; Better to keep microphone open during session to get complete energy transfer - but tested it and Soul is still connected to system; Reactors set to specific angles - tilt of earth - fine tune system don't land on planet Zeus; Graphs show if you are telling truth - become truth detector - because cannot lie - use to judge yourself; February 19th will test for correct field strength of apple and banana - then can replicate; Sit in front of Creator - learn His ways - thy shall not kill; Which Soul created first -STM - STP - P? -- Soul of Earth was created first from fields of Gans matter states - interactions led to "Soul of Collective" and then the STM - look for detailed lecture on how this planet was created; "Child of Mitra" is created as perfect Soul - she is amongst us; Child chooses features happy with through Soul - not randomness of DNA - no mental disorders - not wanting something which you cannot have - travel U; New Cycle for whole U; Fields can create matter state and matter can create fields; Looking for 2 people who want to create

child through Soul; Planting "seeds" of STM throughout U depends on lot of factors - scientific process not theology; Solid state ring magnets have a Soul in empty center - can create different fields; Before Cup of Life used ring magnets in cups to create different fields and Gans's - couldn't explain Gans's at that time; Belgium's opened Cups said was fake couldn't understand - curse nation of Belgium held humanity back from T; Those original Cups handmade by Mr. Keshe - fingerprint of his Soul - treasure them; Used ring magnets to pressurize Soul to release cosmic rays - never touched P - always with Soul - these Cups enlighten your Soul; Play with fields the Gans's make - understand process of Creation; Visits Holland after 10 years - same radiation from Phillips X-ray machines becomes new space T; You have to understand how the fields work - interact - what is outcome; Don't announce but in one Session line up all males and females on separate lines; 2 brothers from Taiwan very humble and close relation like K with his brother; Essence of 20th January was to know your Soul & communicate with it - STM and STP can switch places and love & trust each other; STP compared to how schizophrenic comes out; Once expanded Soul needed a reference point to do something with it so you could confirm experience - that's why connected to Prophets - everybody knows them; Need to have trust in Soul expanding; KS complained couldn't go anywhere - too attached to P; In transmutation cannot land on surface of Moon - extend Soul over STP - interact with Soul of Planet & Inertia - manifest according to environment - but have options; Using showerhead example - February 19th one stream of showerhead taste carrot - another love of Creator - you decide; Cannot be lost in space - Soul always remains connected to P; Does T effect U and Unicoise - in a way yes & no; January 20th prevented massive war in middle East last week Israel bombed with drones different bases in Iran to start war - but 7 days later still no response - your elevation of Prophets worked; Soul expansion can go over STP - Earth - solar system - Unicoise - if you have enough energy; Outer fields dictates position - Inner fields create own Inertia; Soul of one entity can change course of Universe - no limitation - only in thinking; More about war of religions - coming to end - counter attack by Iran; KS gives testimonial about Sessions - what thinks appears - want something it happens but without desiring it; "Soul of Understanding" - means Soul creates interaction bring things into manifestation - if it's good for Soul; Did man leave fish for your lunch because it was booked by Soul; We did not set systems to change you - only created environment for you to test yourself - relearn what you have forgotten - Soul already knows - does in dream; Feeling everything around has Soul - coffee cup best friend; Forgot key felt door communicated for her to pass through - blocked by subconscious fear; Not to get rid of fear - train yourself to do it - like a Judo master breaks bricks; Have to trust yourself; Those in Sessions will become ambassadors to teach knowledge to own culture - because not outsider; Discussed why microphone has to be on right side - follow our instructions - set for a reason - imitates brain left and right hemisphere - certain emotions are connected to specific parts of brain if you switch sides might get opposite emotion; Enhancement Unit (EU) works same way - on graphs have lines for P, STP, STM - EU had Chairs outside for P, STP, STM - they all work on "Twinity" - every star has a counter star to balance it; Interactions between Right and Left hemisphere of brain also creates the current to operate brain & emotions - absorbs energy from blood cells around it - Yin & Yang principle; In Session everybody received same - but some said felt drained while others fantastic best experience ever; When Jesus told mountain to move - meant ignorance of man - what he created for

himself to understand Creation & Creator; Mother who suffers to have chair like neighbors or KS to see Moses same craving; Lack of understanding and habit of stealing different ways to use love - ignorance is bliss - want to feel happy to do it your own way even end up in ditch; Year to meet U Community; February Session use new Head Units for those who have - different experience - enlightenment; Do not share Head Unit with anybody even for moment; Go through door or planet; Only buy from KF - fake copies; Always ask - if given you have not stolen; Ask plasma systems to use & receive; Ask to make love - then receive love; All Messengers had to live like men amongst men - but that does not mean they killed to live; Tell stories about Christ not known; "I have to eat what is killed" - ashamed; Prophets can live from energy of U; Best Messenger Zoroaster - lived amongst people; Fire was interaction of STM with Soul of Creator; Love more than one woman - share life best with one - take from same; Creation combination of accidents - some accidents planned; Creation of life on this planet is so random - it's beauty; in future teach you how to give & love through Soul; Diversity of energy consumption why man creates variety of emotions; Ultimate goal of life is one light; Electricity is obsolete - not understood MaGravs; Old MaGrav - credit on new; Reduce prices to push development ahead; Everything put out by KF connects to our systems to bring change; Comprehensive Wellness policies are part of it.
