Dates of Manchester - London - Beijing Conferences - London Ambassadorial Meeting changed to 11 & 12 November; London will introduce new T; KF Wellness Center in hands of Doctors - open in other countries; Clarify position with Chinese - joint collaboration organization with Chinese government - titles of KF companies change - in hands of Chinese authorities; "China Keshe Organization Corporation" will allow rapid spread of T - through strength power of Chinese government; Thanks to all KS for work especially Chinese & Austrian teams; Committed to spread across China in next 10 years - then to rest of world; Build up slow to 5 years - then massive change; Does not matter if carries KF name or not - what matters is creates peace - brings prosperity - change humanity- this is what we came here for; Become a peaceful human race - not change ourselves to a new religion - become One Race; Colonization of Space in next 2 to 5 years; My work not easier with Chinese have to prove every step to Chinese scientists - find way to commercialize; Space Defense T not for nations but man to protect his Soul from interactions of fields of U; Many parallel T & sciences arising - enlightenment comes through STM - not books - Internet - some receive knowledge as a KS - others through their Soul - from other dimensions receiving knowledge; Radical changes in teachings coming; Chinese will allow KF teachings to spread from China; Part of the KF knowledge will become part of public knowledge; Sun?? barrier - speed reaches where molecules compress - see "Sun."; Is there a light barrier? - Or go from one field strength to another - pass a barrier; When enlightened go through understanding of higher order - go through "light barrier" - see more - find a new dimension; When get enlightened feel it physically - because emotions & understanding change; Can go to higher field strength by chance - elevation of Soul - or sincerely give; Go through "Soul barrier" - can happen in P; Do we need to die to receive enlightenment & knowledge?; In Space as physical D changes so does Soul; Those who are enlightened - enlighten those who are less enlightened; Ultimate enlightenment - become part of Creation and Creator; We'll explain enlightenment & not needing the P; When enlighten yourself don't need planes; No travel agency to travel with Soul - have to do it yourself; Biggest barrier is fear of death; Will

you travel to Manchester through your Soul; Transmutation comes through expansion of STM; Not a religious organization - scientific organization - train you scientifically - where NASA trains in P; You appear on Moon; You're the last man standing for your Soul - nobody does it for you; Will become more & more fashionable to go to Moon; Transmute to new P of destination - might have 20 legs etc; Or might stay in D of plasma; At London - enlighten world leaders - without speaking; You'll become masters of plasma; Everybody has to find themselves in the D of their own Soul & strength of fields; If you attend all 3 sessions might be Passenger of U in Beijing; It's through expansion of Soul; Through your own enlightenment - many more will be enlightened - gradually 8 billion; Have to use VPN to give teachings from China; We have already colonized the Moon - see your cousins there; Colonization of Space - responsibility of Chinese nation - has to be peaceful; Achieve balance in both P and emotion - collaboration between P - STP - STM - individuals have to do; No schools to teach elevation of Soul - become your own teachers; Will teach how to expand & feel expansion of Soul - be in control every dimension; You expand your thoughts enlighten politicians & diplomats in London; Health conference by Chinese government in Macau - KF present new T - President Xi and world scientists attend - enlighten world leaders during conference; On verge of the change for humanity; We are not waiting for "Methi" or Messiah - change ourselves from within; Be Iranian first then Moslem - stay true to roots - don't have to change when Methi comes already practicing principles of truth; In Space bring ethos of planet or Mitra with us - won't do anything wrong - thinking how to elevate the others; When a man carries the truth within himself - doesn't need a Methi - he is the Methi of himself - own Soul - criterion to become a "Passenger of U" - don't rely on a pilot; Learn to guide yourself - tap into Universal Knowledge; No intermediary's between STM and STP; 3 Ethos of Mitra represent STM - STP - P - this is religion of U & Creator; Nobody can come between you & Creator; We Iranians who accept Islam and then when the Methi comes we'll believe in the new path; Think Good - Soul; Speak Good - STP; Act Good - P; Live by Ethos of Mitra means to live by power of Soul - nothing else; China doesn't have religion based fanaticism used by other cultures to create war - don't fight to expand Buddhism or Taoism; Doesn't do like Vatican; China is balanced nation; New knowledge also bring elevation of Soul; Create things need from Soul; Create light between two hands - interact with light of STM - create anything; Travel in Space - manifest in D of P to confirm existence - have to live by Ethos of Mitra; Your Soul is a living entity - STP & P are living entities - find balance between 3; You have to do this by yourself - no prophets or religions; My travels in U never seen religions or churches - except on Earth; People of U live by correct conduct of the Soul - STP & P; If you want to travel with freedom - only through Soul; Even if understand totality of teaching need to keep busy while alive; At separation of STP & P maybe we'll find peace become Passengers of U; P captured your Soul for decades inside physical body - in Linz freed your Soul but kept P captured within our system in the M fields of itself; New systems will give you all the dimensions; Now have to teach you what you will need for physical life in Space - heating, electricity, energy, food, medicine, and everything else - will take another 15 years; You are responsible for elevation of own Soul - nobody else - but have to understand how to switch from D of energy, and then back again; Have to learn how to operate own Soul;

UFO's are like taxis of U to travel as a group; Trust our Souls to one captain - delivered us to a given place - manifest P; Also called "Soul elevators"; Expand your Soul within the structure of another Soul; Emotion still with Enhancement Units in Linz - can connect back into it; Still a lot of teachings to come; Can collaborate & become part of another Soul or group of Souls - don't use Souls; Leap of faith to elevate Soul - can do together; 4 Souls traveling together part of Star Formation (SF) - usually not balanced - feed weaker one; Weaker one doesn't need to be on the top - can all be on same level - create motion - allows fields from outside to feed inside; When setting up a system use all your knowledge's to connect everything in the system - create a new dimension & knowledge - collection of all past knowledge's; SF main way Souls transport themselves; More about upcoming sessions in England & Beijing; Don't need to physically hear or know about KF and teachings of new science - your Soul knows and receives; Won't go to hell if don't know - nonsense of religions; We teach freely for the man to be free- doesn't require words; Whether we heard or not - we are part of this cycle of evolution - revolution & elevation of Soul through knowledge; You will hear about us when Soul is ready; Every living creature on this planet will be touched by knowledge we brought - fish - birds - plants; This knowledge is now getting implemented and spread - changing atmosphere; Because everything is plasma - everything will be touched by it; Official asked who's paying for Mr. Keshe - to himself - "I've already been paid, I created that knowledge so that a lot of beings will be enjoying peace"; Most probably - we'll become part of the structure - can influence the change; Bill Gates and George Soros got together to reduce population to half a billion because they said there are too many people; They are so stupid 8 billion won't be enough to colonize U; Our teaching at "last stage of harvest" before STM harvested by U; 8 billion elevated Souls not enough to spread love of Creator throughout the universe; 10,000 Euros for Manchester conference; London will be a pivotal point - invite President Xi of China; Collaborating deeply with Chinese - expect support for peace work of KF; Expect same from Iranian government; Colonization of U will start in London; English colonized rest of world - but this time we don't make slaves - serving others to bring peace; KS questioned if China is right move - become another superpower; Mr. Keshe invited back to Iran - groups that support him - said women are not free; We don't trust nations - instead we elevate Soul of leaders - sure we'll achieve it; Big difference between what I do in public & private; Didn't want to go back to same old system of creating new religion - so chose to go with China to spread T; We are still living what you call 30% a human physical life - even if we make a mistake - it will turn out good - came with good intention; What may look wrong to some people - is seed for perfect future; Had to pass through horrible life to allow things to take shape - joy happiness and peace I have today came enduring all those years - probably most joyful person amongst you - I have found what I was looking for my whole life - with it peace; Now I live a very simple life - I have found peace that will allow me to create a condition of peace for world leaders and others; We are blessed to be in this position; I have no attachment; We make mistakes - through wish to serve - becomes success by itself; One day KS will understand what we have signed into; 2 conditions of agreement - for the KS and world peace - then we signed it; KF technology written into 14th & 15th program of constitution for Chinese nation - 5 year program - huge implication - part of its national programs; They said would do 4 years ago; Start seeing emergence of KF T as a "Chinese Keshe collaboration" structure next 2 or 3 years - then spread around

world; it happened by itself; We're just a tool for spreading the knowledge; I make mistakes - but the Souls who conducts me to make that mistake for a bigger purpose; First 10 years in China then spread around world; We still continue to work; Spend all our time interacting to bring change - but it takes time; another 3 to 5 years into the structure; We make China self-sufficient and have food security within 5 years through T - will be largest food exporting nation - will be non-GMO and "organic"; By eating change habits of nation; Always emphasized to Chinese that other nations have to be involved - not just for themselves; In my agreements Iran stays paramount - next China - then rest of world are equal - can't be prejudiced towards others; Don't want to carry mistakes of past into future - Souls have no color - race - or religion; World will know about work of KS; Any orders made will be fulfilled by new Chinese company - higher priced and better quality than Europe; Now setting up factories for KF as a joint collaboration; Everything will be of highest quality; We don't have to show a profit to survive - finances guaranteed by Chinese central government - a team to look after things - no "penny pinching"; Not "kicking back" or taking it easy - strengthen all of KF worldwide; There are no conditions to train Soul in transmutation - find essence of your own creation; You have to find a way to understand; How KF creates the Inertia field for creating elements is a secret - won't give out; We use it extensively in our work; It's a "Knowledge of God" - can't have a propriety on it; Come out in future - it's part of process of becoming a "man of U" - have to create Inertia at the destination; KF confirmed production of 22 elements of the Creation - government tests confirmed; Created 22 elements from the fields; When further along with peace - will produce pure 100% Plutonium at will - any time; Have to show Americans - nuclear industry obsolete; Need heavy fields for deep space travel - not for matter state radiation; Atomic mass gives higher field strengths; Soon will produce another 50 new elements - larger scale operation with Chinese government; Part of the colonization program for Moon - want to produce Aluminum, Cu and Zn on Moon; Conversion of fields into matter - biggest achievement of KF; 3 governments are studying; Major breakthrough in science; Produced 3 new elements today - observer could smell it - like original material; Will produce all elements in U; They understand change has come - be in command of the T - we are setting the new rules of engagement; We don't touch samples - Chinese officials & military in charge of all operations; Shows we can sustain life in Space - show production of gases - used for breathing in colonies; Creating trust between highest level & KF scientists; We plan colonize next 2 years - Chinese planning for 2030 - we have already made elements - shown we can do it; We have produced water; Introduced KF "Oasis system" years ago - now reality with Chinese officials; Another fulfillment of my promise - Oasis system used in disasters - earthquake - provides everything needed to survive; Chinese implement emergencies; Teaching on elevation of Soul - give up something you love to gain more - but without motive; First empty cup to be filled; Not payment - elevation of knowledge; "Everlasting MaGrav Plasma light" demonstrate to Chinese military officers - Space Defense System - combines 4 KF technologies together - one system supply all the energy needs of Beijing; It's with your MaGravs - don't see it - try plugging yourself into its environment; Deliver most advanced T ever seen to Chinese leadership - create proper leadership towards peace; No official KF China website; In time KF teachings will become part nations education system and universities; With new T we will not get rid of old matter state science; Need to understand both Plasma &

Matter State science together - otherwise won't be able to function - build house - live in physicality (P); Long term understanding & awareness of energy - Soul & creation- can handle P - it needs protection - live in both dimensions; If destroy matter state knowledge become ignorant again; KS make mistake of saying all old knowledge is wrong; Our bodies radiate energy - now we know what that energy is & where it goes; Einstein was wrong without a doubt not scientist; Write off Stephen Hawking's; Scientists like Tesla brought intermediary between plasma M fields & matter state - need to be respected; Knowledge has two parts - energy & matter - both understood in parallel - create "Heaven on Earth"; When too materialistic lose sight of energy - when too much towards energy - can't enter matter to show ourselves; First create an atmosphere with plasma then cuddle lover - Soul kissing is not as nice as physical kissing; Nothing wrong with old science; We are not promoting a new sect or new knowledge - we are adding to what we didn't know; Chinese authorities are amazing - some of most correct & knowledgeable people running a nation: Keep to the main goal of change & betterment - don't get personal; In West first think of profits - "how much I get"; In China consider how to help people live better; Teaching about different kinds of love - mother's love deep caring for your Soul - girlfriend love stimulating and fun; Need deep love for spreading technology to change humanity; If Chinese leaders believe knowledge should be spread - will spread rapidly across nation; Teaching about C14 and C12; Making system to create massive amounts of C14 in atmospheric condition - already achieved; C14 behaves as a C12 in matter state - but is C14; This is how a diamond is created - C explodes into a diamond - not need high temperature - converts itself from C14 to C12 - becomes structure of a stone; Will teach in future - Graphene on a larger scale as one single C - like a popcorn - black spot inside is "the mother"; Not too late to register for Manchester it will be a beautiful experience.
