is STP embedded in STM; In nuclear T called "fundamental atom"; Embed STP inside STM then can manifest P in U - sustain life & STM; Always keep emotions of P - STP - STM functional but know they are separate - understand each ones power; If die without being able to transmute - signed sentence till end of life of Soul; Keeping STP gives choice - determined by emotions; If become pure reach Soul of Creator; Dilemma starts now; November teach how to create light between hands - fields for transmutation are there - of STP & STM; Energy of P and fields available are determined by liquid & Gans's in stomach & lymph; In D of Soul no food or air - only have fields to work with (emotions); Forget matter state from MaGrav - learn to extract fields from environment for Soul's existence; Can enjoy planets from D of Energy - don't have to manifest P - like beings in upper atmosphere; Only way to get STM & STP to work together is through emotions - nothing else; The Soul can look after both Souls - follow Ethos of Mitra; Purpose to teach us how to gather fields while in D of P - correct living; Parachuting - jump from sky - now jump out into space change from air to fields to feed Soul - when STP inside can create G fields of Earth - determine where want to appear; In Linz system expanded Soul - went to Moon - but how to feed Soul - like first birth when born - change from liquid to air - cry; Transmute from P to Soul - return back to P - cry but no tears; Fun with this in London; Jump without parachute into depth of U - trust yourself; Teaching of today - you have to sort out your own dilemma to transmute & feed yourself in space; First make light between hands - then learn to keep STP & STM together to travel U; Second dilemma is how to bring loved ones with into space - cannot force them or steal their Souls - have to come freely; Can't survive more than couple weeks alone in space; Start thinking about how to create seeds to feed Soul in U; True life begins when we learn how to transmute and feed Soul in space - free to go anywhere; Deepest knowledge shared with you; Fountain of Youth when you can create seeds to feed Soul;
