(Quick Index 20 pp , Topic Index, Proofing and done by KF Brazil; Need to do; Key Phrases, Words) (Auto transcription from Elias)

Prepare for Nov 24th - Creating Light between Hands - transmutation - or reach Soul of Creator; Gain confidence in self power within; Types of love - final Love for Creator super-passes all love; Purpose of teaching - us to return Home; Become the Light; Eternal life - STM in love with Soul of Creator; Beginning of next cycle teachings; Need to love another to confirm existence - same with Creator; Light in hands - same fire Moses saw; Our thinking - of Creator; The Creators of the Creator - no end to life; Mix light of Soul - like painter mixes colors - new creations; Light gate to Heaven - maturity of Soul; Servitude to Creator; Voice of Creator; If man chooses Light of Creator - start new cycle; Ambassadorial meeting - 18 nations form own group - defy American ban - more than hoped for; Brain mass different left and right - create gradient flow - light in hands; See Heaven; Genetic engineering in China - Middle east - stem cells for inbred diseases - Jews - Moslems - Royal families; Plasma change RNA which correctly changes DNA; Pay for ancestors sins; Show flight in China - Transmutation in Iran; American gun policy - if poor nation wants food - have to buy weapons - not accept peace; China become food secure 2030 - change policy; Russia won Ukraine - supply grain China; Nations fear Keshe becoming powerful force - own nation; Post-Corona - injection calcifications increase deaths - Insurance companies panic; C60 Bucky Ball 20 hexagons 12 pentagons - hidden powers; Create Cosmic Rays; C60 expand ball from within like UFO - skin; C60 dangerous for medical - nations want to weaponize;

## **Topic Index**

Monthly Flight Session Nov 24th - Creating Light between Hands; Can transmute with Light; Monthly sessions for KS to gain confidence - do on own; Have ignored power within; Don't expect to see God in UFO - ask for magic - foolishness - feel emotion of His Presence within us; Form depends on expectation; All teaching lead to trusting yourself; Love progresses from parents - family - friends - then STP matures to reproduce then to Lover - loving another Soul super-passes parents love; Finally touch "Love of Creator" - all other loves irrelevant; Nothing can compare to the love of the Creator when we touch & feel it - understand the essence of Its fields - even loving a lover; When we discover it exists - find a way to reach ultimate love; Only can reach through the Soul - reason why teaching you about Soul; When we mature from D of P - fall in love with Soul - but still interact; Ultimate goal become pure enough to reach "Soul of Creator"; Cannot use UFO - Creator has no form to see - to go to; Purpose of all the teachings; November 24th - seeing the light - become the light - have that energy; We are like a Gans - have a hidden power within waiting to manifest; Soul has direct connection to Soul of the Creator & Creation of U; It's not for you to see light in your hands or transmute somewhere - it's for you to gain confidence in power within - understand work of U - this is "ticket" to your Creator; Everything has to be correct to reach Him; Write 9 books - ultimate book will be on magnetic (M) fields; M fields is really the light you will create in your hands - path to Creator; Learn how to get to the Creator; Soul of child who

dies birth might be pure enough - reach Soul of Creator - In D of field strength. Or opposite - priest prays all his life - but further away - example - Pope John Paul II; Purpose of teachings - understand truth about Creation; Not go instantaneously to another Galaxy; Man's fallacy - not wanting to understand Totality - truth of teachings; Hide it in teachings in different ways - take you forward step by step; Light in hands - has essence of connection to Creator within it; Will you still want to make an orange from light; Or understand complexity - reach to Creator; If too physical still looking for light in your palms; Like impatient children wanting Mom to give you a cake - she knows what to do to bake cake; Mr. Keshe has been doing this since beginning; Got interested in teachings because of UFOs - produced a flight system - Iranian Defense T; Every plasma has an essence line of connection to Creator; Those who matured - see light - actually find Love of Creator - Ultimate goal; Many will fail on 24th of November because STM not (through P) mature - don't have will to see Creator; Some will levitate; Others will fall in Love with Creator; Our goal is to set the scenery for you make own discovery - see light - feel love of Creator; Then my teaching is over - I came here to take you home - in the end - all sheep will come home; If you look for path to Creator - mature enough - light becomes part of Soul - have reached eternal life; Then STM is in love with Soul of Creator; One by one all KS come to see the light; Have become part of the light; Maturity of understanding does not come by age - comes by purity of understanding process of Creation; You decide what you want to achieve on 24th - stuck on physical love - or fall in love with Love Himself; When you can feel emotion of Creation - your journey just starts; Become part of the lover - start the next generation for whole of Unicose; See back page of Book 3; One day in billions of years - become part of life structure of another creature; Try to find your way to Creator - which is yourself; Final point of teachings - become part of Creator - takes years and years - man in doldrums of P; Show you how to become part of light on 24th; Won't hear teachings by voice anymore - feel through Soul - understand Totality; Feel emotion of love of Creator - touch STM; Many will feel power & energy of fields of Creation within - you do this by yourself; We only set the scene; When see light then try to change position; Be able to transmute and survive in that D; Can dictate position - direction of existence; Through emotions in hands - transmute - Soul will take you to right place; First lift in 2008 - will create a full flight system - become travelers of U through fields of U together with your Soul; Use light between hands - travel Unicose; When we get to one stage - show you the next; Don't want you too hungry - run up steps too fast - fall down; 24th beginning of next cycle of KF teachings - how to travel Space from beginning to end; From Creator to last D of the expansion of His Soul within Unicose - within the Creation of the Creators - deeper understanding; Fall in love with Creator - automatically find path to Him; What comes after our Creator; What confirms His existence - no end to cycle of Creation; Man's limitation is end; Love of a man & woman manifests itself as child - has to have space available to be born; Can be womb or atmosphere of Earth - same with Creator and Creation; No purpose to be alone - have to confirm our own existence; Applies also to Creator - and Creator of the Creators - this is another D of understanding; Have to have someone to love to confirm existence; Beauty of falling in love; Meaning of "Adam & Eve"; He needed Eve to show to Himself He exists; Same process of creating light in your hands; Upcoming sessions show how to release & absorb energies; We setup energy's in background - body will react to - brings you understanding of Totality; Will

understand connection with own Creator; Can create others from light in hands; Not making magicians - helping you understand process of Creation - rest is your job - depends on maturity of Soul; Write Books of Creator and Creation; Gans's was source of energies - make what wanted from it; Same process to create the light - Gans's of body can create energy to become anything; Man is entering into a new D of knowledge - not known before; We open Knowledge of Creation to you - door to the heaven of Creation; Light in hands not a game - key to enter new D of knowledge; Have to use emotions of Souls & P to get to next D - depends on maturity of Soul - and servitude of the man towards his Creator; Reach level of Soul of every Prophet; Light in hands - same as "fire" Moses saw - but will you steal?; Steal from your own Soul and STP; I have smoothly brought you to find the path to your Creator; Light in hands is not just a light - opens to another D of Creation - those who go through it will see my Soul in another D which is not open to the man; Knowledge you will gain is beyond imagination of present time; Enter gates of the true knowledge of Creation; Our thinking is the thinking of the Creator - our knowledge is the knowledge of the Creator; Mature & become detached from P - but can still use P to confirm existence of STM in every D; Your advancement depends on maturity of own understanding; There shall be no greed - nor privileges - no one above the others - no kingship; Like painter mixes colors - create new Souls by mixing light of Soul in different field strengths; Can create a new D; One day man will mix lights of Soul to create new life; The light - feeling - emotion of plasma in hand - leads to understanding of how to create light; Every plasma & every Soul has a lower common denominator which takes you to the Creator - you can do this; Ball of light in hands is UFO - this time transmutes your Soul to all D of life; This is why we are the light - when we shine - you shine with us; Man has access to Creator within himself; One day you'll understand who you've been listening to - who's been teaching you; We change frock like painter mixing colors; In essence it's the same Soul - Christ - Moses - Muhammad and the rest; Whole essence of Creation - for man to reach the maturity of today - see the light in hands; Light is "gate to heaven"; Heaven means understanding oneself and path to his Creator - for all beings - man - dog - or another existence; I hope you will listen to this teaching as many times as you can; D of P closed and D of Creator has opened up; One teacher for 9 billion; Voice of man - is light of Creator; Light that enlightens is within you; Chose to use light to become magician or find path to Creator; If man chooses Creator new cycle of knowledge will start; Now is the time - man has matured enough to go through this stage; We reach it through the STM; Today's teaching has changed the cycle of the man if he understands.

What happened in ambassadorial conference; K- No- you should have come. You didn't come- you don't need to know; Participant disgracefully secretly recorded whole meeting - removed from Internet; Principally our KS kept to Ethos; American Administration again tried stop Conference - threatened - cajoled; 18 nations setup own organization spin-off from Conference to meet with Mr. Keshe; They bypassed American pressure - amazing; We achieved more than expected given us a huge strength; A massive process has started - replaces an empire - it has "snowballed"; He will return to London to meet with these world leaders - privately - setup new strategy; Have been looking for this response from governments; Now enter into diplomacy - politics - lot of other things; Beautiful success and outcome for humanity - not us; For light between hands - two

hemispheres of brain - like making field gradient flow with different Gans's; Haven't learned yet to use; Use in conjunction with the Inertia of STM; MRI brain scans reveal shape of brain - distribution of brain mass between left & right sides - gaps between outer layer of tissues and skull; Distribution of brain mass dictates distribution of energy; Left-handed have different composition of brain mass than right-handed people - creates field gradient; Differences in fully left or right handed people & nationalities - Chinese setup different than Europeans - creates specific flows and specific emotions - different field transfers from left to right; If fully left-handed but do some work with right hand - have most balanced brain structure - difficult to create "light in hands" because fields balanced; Those with greater field gradient easier to create light in hands; If use Soul instead of vision to interact with fields in hands - see light with Soul - not vision - close eyes - others will see light in your hands; To see light need a difference in field flow - friction - absorption; Light is dynamic - see ball; Light created connected to Soul of Creator; Some might see heaven; Using field gradient in brain and transferring from one to the other in conjunction with Soul & emotions - bring you enlightenment instead of light; This enlightenment is what we are looking for - not light in hands; With light can become magicians create gold; If mature will seek enlightenment; How many will fake both; Genetic engineering and modifying DNA already used in China - can choose color of eyes of children; Part of knowledge of man - need to comprehend every part - slowly getting there; Need knowledge of both plasma and how physical life mutates & changes; Hospitals for rich and Elites - minimum entry fee is 1 million dollars - work with stem cells and gene modifications; Elites "guinea pigs" of science 90% failures; Lot Saudis, Jews, and people from Middle East - history of inbreeding - cousins marry cousins to keep power wealth in family - for centuries - built up genetic defects; Faults of grandfather passed directly into children: Why we see so many demented people in Jewish leadership - inbreeding creates horrendous conditions; Spending millions in special clinics; Tampering with DNA; Plasma changes through RNA which then changes DNA in correct way; Do not tamper with DNA directly; Descendants have to pay for actions of ancestor - balance fields; Real life story women burned mother in law in fire - consequences effect family; Long term balancing of energies; Balancing does not have time & position - could be 1 second or century; Like magnets on table - move one - all have to adjust; Humans have dynamic Soul - every event in life cycle - emotion of P - reflects back; If you understand - live by Ethos of Mitra - won't even think to do wrong - family pays; Chinese Conference should be in February - many Chinese attend up to 3,000; Deep explanation how America controls world through food policy - forces nations to buy weapons don't need - if they want to feed own people - hidden from public; When China becomes self-sufficiently in food - change policy; Use T for Food Security of nations - then start world peace - Otherwise America & Europe force countries to buy weapons - reject peace to feed its nation; American "gun policy" attached to national food security; Poor nations have to buy weapons if want humanitarian Aid; Want 1 billion in food - have to buy 3 billion in weapons; This is why we can't have world peace; With new T don't need grain to feed nations; Powerful nations of world fear Keshe is becoming a powerful structure - a nation unto themselves; Why many nations don't like to work with him; KS have not yet realized what is coming into motion; We don't ask you to pay us millions - those who give money goes to help own nation; Knowledge is winning over diplomacy & politics; China can't do anything until

they become food self-sufficient; If countries want to eat - have to buy weapons - not agree to peace; Similar in Iran - go to large protest against America - get paper - go to mosque - get food for family; Same with Greenpeace - Russia used to fund; If want peace - first national food security - peace will come; He confirmed this with many meeting with high ranking military over years; Underground lake in Texas drying up in next 5 to 10 years - change balance; Ukraine won by Russians will supply grain to China - replace US; Reason China cannot resolve Taiwan - food threat by US; By 2030 Chinese should produce enough grain domestically - policy change; Governments have 2 choices - stay under American control - use KF T - online KF Apps to feed nation over phone line; Bring change by feeding nations through KF Food Apps; China knows this - part of comprehensive agreement for world peace; KS have tested Apps - tasted Banana over phone lines - produce food - water - everything else; Not understood strength of T on table; KF knows how to use T - not bark like dog; Post-Coronavirus Monthly Flight Session moved; Corona causing huge problems - governments reporting huge deaths out of nowhere - more than before; American continent - had Corona - or took injections - dying of calcification in lungs & brain - 10 to 15% increase in death; KF trying to help; Insurance companies panicking too many people dying - have to pay out not planned for; Not calling it Corona; Reports show calcification - brain - lungs - kidneys - testicles - others; Inbreeding doesn't (cause) genetic defects (in itself) - makes broad spectrum of fields less available; Narrows field interactions when marry own relatives; Marry into other bloodlines expands spectrum of fields; Inbreeding leads to specific diseases & conditions; Worse in European monarchies doing it for centuries to keep themselves in power; European royal families have specific diseases - no research for only 20 people; When crossbreed into other races - White & Black - get beautiful children - fresh field interactions - new dimensions; Inbreeding - narrows fields - lot of mental disorders; Inbreeding heavy in Jewish bloodline - banging head against Wall; Islamic world also problem - hide children; Hexagonal sphere always have pentagons mixed - related to diamond structure; Inside sphere fields connect to each other - but outside create shape of P - same with genes - RNA inside structure connected to each other - DNA like hexagons & pentagons of outer P shape of football - why say DNA is in P dimension; Russians built nuclear power station in Ukraine trained engineers time of USSR; Russians are highly skilled nuclear scientists - innovative - West tied to legislation and narrow; Carbon 60 (C60) made of hexagons & pentagons; Started inoculating children from 3 years old - reproductive problems; Have Corona problem for decades; Americans looking at how much damage done - more to do - why did they force the soldiers & doctors to be vaccinated - many of them dying & other problems; YouTube restrictions; Corona first tests for mankind with viruses - Space travel bring energy packs back to Earth - what diseases will come or be cured - not all bad; Find answers for many diseases; C60 is Buckminsterfullerene (Bucky Balls) - Buckminster Fuller also created dome structure - 20 hexagons & 12 pentagons; Exists in Space; Physical structure C60 - has a gap where specific fields are absorbed - can create radiation like laser beams - monatomic fields; Can create radiation from Gans's beyond imagination - power is in totally different behavior; Plasma X-rays - is a plasma of rays - not a ray - power beyond imagination - have tested - can produce X-rays - gamma rays - cosmic rays at will through T; If feed Ball of C60 with specific Cosmic Rays expand size of ball from inside - not from outside; New pieces start appearing as ball expands - energy transfer; How we make huge UFOs -

man cannot build platform to hold them; This is how skin grows from inside - expands through energy transfer; Animals lick off membrane after birth - membrane causes expansion of cells in womb - same in humans; Can produce full cosmic ray spectrum - easy as drinking a glass of water; Produce gamma rays at the Cosmic level; Can deplete nuclear warheads in a few seconds - have access to a knowledge unknown to mankind; Empty nuclear power stations from radioactive material; Can bring end to nuclear weapons industry in a few minutes; Rocket intact but warhead empty; Like the C60 Bucky Ball - goes back to "Creation of Black Hole"; Nuclear radiation in a plasma is so powerful - make whole star disappear in milliseconds - or make it bigger or reduce it; If planet or Star Formation about to go out of control - if have Soul nursery there - can withdraw radiation fields - not lose Souls; Soon will show; Comment - using C60 geometry to enclose certain drugs deliver to body; C60 has a hidden power - depends how use; In C60 for medical purposes - (not good) - see what happens when doctors accidentally ingest C60 - horrible suffering; Why do not drink Gans; Gans is different than C60 geometry - Gans is dynamic - does not maintain a geometry as such - keeps physical boundary (as) fields; If get such a geometry - big problem; Major countries discussing C60 for weapons technology; Primarily it's a Black Hole; The 2012 USB Key given to governments would give food security - but they don't understand it; Can end Asthma - is humanity ready; Take one cell of C60 - dissolve America's most advanced naval aircraft carrier; Transfer energy inside it; Part of deep space Defense T - dissolve meteorites - travel in straight line across Space; Like a transmutation ?? ball - whatever put inside - no resistance & no time - like hidden envelope; In China conference show first flight system or UFO - bring end to present propulsion systems; London conference showed weight reduction live to people - small rate - massive conversion; New T has to be released; Transmutation shown in Shiraz Iran in 2024 - Knowledge with poetry - end of religions - religious people will see light of Creator; New Headphones to go out to those with licenses.
