Topic Index

Re-explains last weeks teachings - it's really very simple; Neural system is connected to everything or won't work; Neural in conjunction with blood system gives physicality (P); But body is controlled through the M fields - the emotions; Emotions provide dynamic fields - neural system is physical part - interacts together and connects to Soul; Body created out of interaction of blood with neural system - operates through emotion; If emotions disturbed - totality of fields in body out of balance; Emotions very important; Each side of body creates M field emotion for its own half; Right side brain - neural system - connects to left side of body - vice versa; Emotions of each side of body have to be coordinated for P to work perfectly; Same time they interact with STM; Soul is connected to our emotions left & right sides; STM also has its own emotions - only way it interacts with body - of the same field strength; This is how Soul dictates what it wants done; In Space - live through controlling & manipulating field strengths of emotions of P & Soul; Transmute and manifest through emotions; Upon arrival Soul interacts with environment - but has no control over P; Then emotion is created and manifests P; Nitrogen (N) - N14; Carbon (C) - C14; Amino acid (AA), or COHN links P to STM, Cosmic Rays (CR) - and U; At death STM separates from P, through C14 goes to where destined - not accidental - predestined; At departure Soul has connection through CR &

C14, and energies we receive from elevating Soul on Earth - find destination - travel back to where Soul came from; 80% we get from environment fields of planet & CR; STM goes to another D when P cannot nourish or give anymore to it - carries all fields it has gathered from N connection in COHN - through N to N14 & C14; Because body is in plasmatic condition - creates conditions for life - here and other D; This knowledge finishes hypocrisy of prophecy - religions - theology - not a theory anymore; We are rooted in Creation; We can transmute to TPP - like in sleep; New disclaimer about religions - Independent investigation of truth; We deny truth - now it's upon us - know the facts - live by rules; Know how to connect to U & Creator - don't need intermediaries; No Prophets religion in Space; Emotion through AA connects to Universal Energy - through C14 - converts back to feed our P through C12 and AA; N is connector in physical D - stores fields of C14 & C12 at same time; Stores them in plasma condition of M fields of body; N of COHN stores fields of C14 & C12; Why N important in agriculture; Scientists haven't understood how U works; N is a transformer and stores for when needed; Through this process easy to live in both dimensions P & Soul; AA in every cell - transmute energy of COHN when needed; How life works in U; Emotion connects C14 fields through N to every cell in body - same time connects to STM; H connects to Creator - C14 connects to Universal ?? Energy (Soul of Creator); Now understand principle of Creation - don't need theology; Biggest problem - how long will it take man to realize; Centuries - or enlightened 1 second; Step by step opening connection to CR & Cosmic world; Understanding C60 & C360 - body is a diamond structure - interaction of the fields of Carbons - one connects to P - other to U; Why we have diamond structure on skin - hexagonal and pentagons - allows fields from U - absorbed in middle layer - separation and connection between outside world and inside body; When middle layer disturbed - psychosomatic conditions - emotions create conditions for solidification to matter state - like cirrhosis - skin irritations - cancer in lungs; Man is not created in D of P on Earth - at point of birth - connected to U - but he denies it to himself; Denying for millions of years; Use emotion to feed & elevate STM - becomes star after death - through C14 & connection to Universal Community; Creating system to match STM; June session connect you directly to Soul of U; We have replicated it - have knowledge - already been achieved - connect man to Soul of his Creator - just need to tap into; We have been killing to find energy to elevate our Soul - now tap into these systems; Once we trigger this energy level within ourselves - transmute anywhere; Bring this system to upcoming conferences; In Sanya created a room with fields; Isfahan and Washington feel fields and emotion when enter room - you are part of it; How many afraid to go inside room - bring change; World leaders will refuse - too much wrongdoing; Those who join - elevate to next step; Whole process of Creation is very simple - not understood - instead made up sciences & theology - to cover ignorance - others abuse our ignorance; People say last week's incident in Iran was a cloud - easy way out; We have shown how that "cloud" was created; Souls who created condition of murder - have to balance; Directly connected to suffering of children of victims - their life will change; Same for those who create wars; We all are connected through the N of COHN & C14; Souls don't need Court of Justice - bring balance through interactions of fields - like magnet put into a table full of magnets - find position; They do it through strength they absorb - weaker ones further away; Isolation of Soul worse suffering than physical pain of today; Cannot create AA on open surface of Moon - Mars

- planets; Field for it does not exist - life and P is unique to this planet; Life on Earth found a way to feed itself - both through P - and higher & lower order Universal Energies - because it lives in both dimensions; After leaves P starts new life again; We are only teaching you to be aware of D of P through your emotions - don't have to wait until death - understand how emotion of P connected to emotion of Soul - can transmute; Witness different forms of life in different environments; You are not dreaming - living in both physical life on this planet - and Soul through energies of U; Systems allow you to create these conditions with headphones - "dreaming" - but you actually do it in D of energy of Soul; When learn to balance emotions between two halves of brain - able to transmute and physically transfer; KS have achieved - do without physical connection to system - now they are connected to system continuously - travel anytime; June - full transmutation - start testing everyday yourself; Bring emotion of P under control - subordinate emotion of Soul; When travel with others - all pairs of brain halves in balance; Form a 'Twinty'; 'Twin Lovers' - add 1,000 Souls; Need to have common love - love for peace to join Souls; Cannot lie about it - if not true won't create field strength; How travel in groups; Why can't lie in Soul - if field doesn't exist - cannot connect to it; Emotional field strength allows you to share N of COHN - gather fields of peace in you; Store fields in "Nitrogen bank" of P & U linked through Soul; Every link with STP connects you to your Soul - H & C14; On Earth air and water maintain P - in U it's the connection to 'Soul of Creator' through H & STP of U - communication line through C14 - same process; Pushing you to understand process of Creation - for Transmutation; Building the systems rapidly - to bring change - new D in Science & T; Fusion in present science can never work; Fusion in D of fields happens in body every second; Add - fuse energies (in Lymph) to make Ca - Fe and the rest; Huge matter state magnetic field generators don't work; Knowledge is all connected to each other; One side of Liver connected to P - C12 - other side through N - CR - C14; 20% energy through food seeds for attracting energy through N - converts to P - C14 - feed Soul; Life with emotion and motion - has combination of fields of its environment - the storage bank ("Liver") is connected to both environment & U; Impossible for life to exist only on the physical energy of environment - not sufficient - eat mountains of food everyday - only feed 1 cell; Life needs connection to Universal Energy Bank - on Earth is C14 & N - because N creates life on planet; Why environmental gases 65% N - 16% O - N continuously connects us to Earth & U; Never understood science of Creation; During sleep - connect to U Community - not a 'dream'; Should be clear how to transmute; Next Flight Session control mind & breathing - bring P near to U - transmute instantaneously; Why sleep during session travel with Soul - because already there; We feed you what you are short of - find elevation - connection between O & N; Control your breathing in sessions; If control breathing don't need to eat; You know trick of Indian guru - to not eat; Control field connections of O through lungs - N in COHN C14 energies to STM; No end to life - no 'Day of Judgment' you judge yourself; Have a pure heart - P not stained with killing, destruction, division; You decide when to connect to Soul through your emotion - or stay in emotion of P; Today's teaching - 'breath of fresh air' for those wanting to transmute; Given you 'golden key' - live in both D of P and U Community; You control when change breathing; Travel U through emotion control everything; Life in U simple; Man allowed abuses of P by not understanding Science of Creation; Can speak any language instantaneously; Through emotion of love - feeling of belonging to place; Need fields of U even to create a cancer -

psychosomatic; Change breathing pattern - emotion for transmutation; Have cancer - next second gone - use energy of CR - N; Don't sit and think about it - just take control of P through breathing; Can go and come back from another planet - anchored by N to Earth by COHN; Use same process but instead use H of COHN - connect to 'Soul of Creator' - secret - don't need intermediaries; Why some Souls don't even take birth - straight to Creator; Creation of 'Children of Soul'; Summarizes creation of body - egg and sperm lead to creation of Soul - through - CR & C14; How child looks and takes shape - gets 2 legs & arms; 'Children of Soul' created totally different - created from Soul energies of U; Explained lot of mysteries today; Take hundreds of years even to understand; Reach Creator at your own will; Connect to whomever you like;
