

# 561st Knowledge Seekers Workshop October 24, 2024

(Quick Index 21 pp, , Topic Index ; Need to do; Key Phrases, Words) (Auto transcription from Elias)

New Universal Energy Systems; Midnight decide release of T; Humanity held hostage by Scientists & Academicians - criminals stop new T; How rainbows made - rings of Saturn; Everything will change; Use energy create motion; New reactors use U Energy; Beyond Alien T; Breakthrough in science; End Nuclear war & hunger; Use U Energy for transmutation; Fallacy of light-years; release as Blueprint Day - \$20 family self-sufficient Energy; Need governments involved - less chaos; Shown to Chinese - material production; Have to understand knowledge; Sun feeds planets; Develop T through Flight sessions; Promised change in 2024; More unknown T; Decision of KS; feeds Soul - feeds P; Nuclear obsolete; Graph confirmed STM ready to elevate; Set of 3 Monthly flights - learn to feed through Soul; Discover M field strength for everything; Continue Thursday Teaching; First transmutation; Teaching about neutron - plasma; Size of neutron dictated by Center of U - Black Hole; Each U different size neutron; neutron splits - plasma divides from energy into plasmas; Always have Twinity - neutron & proton; Nuclear Decay; Half-life; In nucleus neutron-proton Twins - extras with electron; DNA half universal/half P; Everything dictated - Central Line of U - same in cell; Plasmas inside plasma - organs in body/ SS in galaxy; Environment decides shape organ; Daughter of Mitra here - not physical - next cycle knowledge; Verse in Koran; Tree of Life - symbol for Creation; Trees don't kill; Never separated from Creator; Creator feeds creation through U Light; Fields continuously pass through us to boundary of U - maintains shape; Fields are love of Creator; Water fountain - like U; Knowledge disseminate through Iran to world; Teaching about heart - M field generator - Cu & Fe in blood hit wall heart create energy spreads to whole body wirelessly - a electric current in body - plasma state; Heart has 2 energy centers STP and STM; BRICS healthy balance for world to dollar - has Soul - bring good; About Irregular heartbeats; Heartbeat STM synchronize with U; 3 Heartbeats balance cells; Not watching TV anymore - only have hope; More on neutron - created from field environment - plasma; Light and love of Creator - causes everything through C14 - C60.

## Topic Index

Rely solely on energy resources of this planet; New age starts - understand how to use universal energies - create systems to utilize these energies; Need new types of energy for space travel; Scientists reject new T - ignorant; Held hostage by scientists lack of understanding - arrogance of their position; Breakthrough technologies alienated - scientists are thieves - criminals - making humanity suffer - keep their own positions; Need to bypass present dogma of fake scientists keeping man from getting outside village Earth - Einstein - Stephen Hawking; Chinese government scientists - held hostage by their academicians - bunch of bandits; Same thing in Iran, England, United States, and rest; What can be done; Scientists using same trick as religious people who talk about Methi - coming of Messiah - they say he'll never come; Methi will end religions - have no job - same with scientists; China Gas Corporation did this with KF Gas Units last year;

Showed production of gas - they rejected; We'll have access to energies - common across U; Last 2 teachings live life of Soul - connected to U & P connected to Earth; But this planet is made out of a combination of Universal energies; Lead to creation of cell of body; U created same way; COHN is a joint collaboration of Earth and U Energies; Can use U Energy directly instead of burning; Body - burn sugar - C & H - live from essence of source of U - created out of interaction of first sugar; All things we burn come from U Energies - break down fields like in U; COHN - half Universal - other half planetary; Shape of U made through C60 - containment by field strength of its own energies; Same way Earth gets its shape - and the rest of Creation; Rainbows made from interaction of M fields of Earth with U; Scientists explanation of rainbow is ridiculous - don't know what rainbow means; Earth rainbow have different colors on another planet; Shape comes from horizon of planet; Rainbow made like rings of Saturn; Read paper; Analyze rainbow tell what elements in planet; Like in chemistry color of flame tells what material; Rainbow shows how energies and fields of U connect to P; How life has changed - will change - how new dimensions will come; Everything around mankind will change; Add knowledge of U to knowledge of man - bring new D; When fields of U interact with fields of planets or other fields - it creates its own energy -its own rainbow - conversion of energy - own manifestation; Why we have different skin colors - body structures - every organ has different colors, structures, and functions; Micro in the Macro; Learn how to use these lines of energies to create motion, energy, and life; Change life of humanity on this planet; Nuclear physicist for 50 years - achieved a new understanding in structure of man's knowledge; We have developed a T like a nuclear reactor - instead of releasing a neutron to create energy - it releases energy in state of U Energies; New knowledge bring Transmutation and Transportation and everything else; New plasma reactor produces energy in D of U - become independent of resources of Earth; Man now at same level as "Aliens" - this new T is one step beyond them and what we developed in Iran as "lift and motion"; Ultimate energy system of U - free energy; Can transmute with it - live at any time, place, and position (TPP) in U; New U Energy systems breakthrough in science - disclosed soon - show to number of nations - system already developed; Breakthrough all dogmas of clueless scientists; For 6 weeks asking Iranian government to release T - expecting answer by 12 o'clock tonight - from wisdom of Ayatollah Khamenei - from then on it will be released to (all) governments; British within 24 hours; Others will receive it step-by-step; Will be made public; End nuclear warfare - no more shortage of energy - to take humanity to ransom; Bring change beyond imagination; No more burning fuel for electricity and everything else; This new structure is in operation today; Connects man to U Energies the way planet Earth and U work; We define energy as M fields in motion - not obey Newton's law - obeys the Creator's law; How fields interact; Fallacy of light-years away - come to end; Mature and be enlightened to Knowledge of Creation; Man has to decide if he wants to go forward; Use energy to transmute across U; Energies can take you to your Creator; Release in 'Blueprint Day'; Make man free on this planet; Already shown to Chinese Military - produced materials; Chinese won't be able to stop Americans from rare earth materials; British Petroleum (BP) lose control over oil and gas - stop making wars; KS will release this T worldwide - cost less than \$20 to make system - household self-sufficient in energy; Need governments involved - less chaos; KF not looking for financial rewards; Like Cup of Life show you how to create Energy of U; Ayatollah Khamenei to decide whether to keep religion - or bring science of Creator to

humanity; Or do they want to take revenge on another nation while hiding another T; Midnight tonight is deadline for Ayatollah Khamenei to decide; Tomorrow offer to British - then Russians, Americans, Chinese - all others will be given T; After governments understand T - give to public; Easy to make; Show you how to use these fields to transmute - receive energy - everything else; Have to understand structure of first reactors; Bring total knowledge of KF; Understand capabilities of MaGravs - this knowledge is no different; Feed STM - it will feed P at any TPP don't need to kill or destroy; This is how planets receive energy from Sun - transfer and transport - creates motion around Sun for billions of years; Universal part of its life; Earth continuously fed by Sun through M fields; GM field positioning of Earth & Sun - like umbilical cord - how it feeds Earth; Give and take - Sun cleans up fields of Earth - recycles; Operation of MaGrav Positioning is about receiving and giving between plasmas; Lift and motion is MaGrav Positioning; Transmute instantaneously by riding tracks of M fields to another place; Iranian reactor changed GM fields - lifted off ground; New plasma systems us U Energy; KF has new system to continuously produce U Energy - free man from shackles of planet; It's your choice to stay or leave; feed your Soul from Source; Developing this in Monthly Flight session - you helped us create and confirm T; Will release further technologies unknown to mankind; First - start negotiations with British government tomorrow - then other governments; Governments have to decide on how this new T will be released to humanity; Universal Energy is not 'man-made' conditions of this planet; Promised change in 2024 - doing best to achieve; Next phase - change science, economics, - every other aspects for humanity; Tried to negotiate with Chinese - but they're trying to steal T - want to destroy Americans and Western society - they feel themselves superior; Americans trying to do worse; Decided to speak with British; KF follows Ethos of sharing knowledge; If reach understanding with British - try to release T worldwide by end of this year; Decision of the KS; Learn to use new energy - fed through your Soul - internal heat don't need to burn; Live without killing; No 'peer reviewing' needed; Governments didn't do anything with what we gave them; Nuclear Reactors obsolete; New Space Plasma Systems will be delivered; If we see resistance from governments - I promise to do "Universal Energy Blueprint Day"; Why taught you are connected to U and Earth 2 parts of AA - HC & NO; Insisting with Ayatollah Khamenei allow T come out; Plan was for November 16th in Iran; Creating a knowledge base - every man on planet can use; New Energy system so simple force man to change; Sit in front of system get fed; Soul feeds P; Promise of Prophets of the past - now fulfill; Written - thy shall not kill; Words for killing - eliminated from dictionary; Spy in Iranian government trying to stop T - Mr. Nazif; Explain later; T free access for everyone; Not have to worry about paying energy bills; Breathe for the joy of living; T based on work of U - not man; Academicians want to keep man in prison; President Xi of China now has a free hand to bring restraint on these criminals; Same with scientists across world; Many advantages to releasing T - many diseases will be eradicated; Tap into H fields, life is created through C60 crystal structure - skin; C in COHN creator of P; How you create your form & change it; Regenerate amputated arms and legs; How we structure our brain; Have to understand process to change the conditions; Re-grow arm within hours; Have access to U Energies - enlighten and elevate Soul - understand totality work of U; Why we changed course of teachings - release T; The change has come; It's for governments to accommodate change; Last Friday's session we tested this new T on STM - graph

confirmed STM is ready for elevation to become Passengers of U; Another hurdle in knowledge completed; Now we'll go through same process of building new Space Energy reactors;

## Part 2

Set of 3 Monthly Flight Sessions for Nov to Jan; Exclusively to learn how to feed STM - then P - not going to be easy; Some will get tubes to hold in hands during session; Create ball of light between your hands; Bring in U fields into your field energy - feed yourself; Light becomes transmutation of Soul - feeds P through hands; Next step for completing transmutation Tubes connect you wirelessly to our system - receive U Energies; Iranian government online listening - will have an answer tonight; Set scene for World Peace through KF; Put new systems in satellites feed mankind - same as Sun work; Everyone planet fed; Testing to find best way to delivery T; Eradicate all illnesses - cancer, Alzheimer's; Eradicate anger and war; Extensive testing - rapid development; Foresee governmental scientists joining our session; Bring out of hands of KF into government & world scientists to monitor; Have to discover M field strength for banana, or anger, or strength needed for transmutation; KS always supported us over the years; Use Thursday teaching to transfer knowledge - everyone gets it at same time; Become 'guinea pigs' for elevating humanity; Hope international scientists will work together; T is game changer; New energy resource at Universal level; If tell people not to kill - have to provide facility for it - doesn't even think of killing; Same with stealing - have condition of wealth; This is purpose of this new T; Will Iran accept - or go path of war; Want to unify mankind; We have battled with governments - scientists of governments for years; Tesla cars will be obsolete - no more burning fuel; Luxurious life of West - for rest of world; Every person enjoy freedom of having enough energy to live life - transmute; Every nation can afford; Children won't go to bed hungry; Have system to deliver it; World leaders listening to teachings; First time saw transmutation in last session; Ongoing process for gaining knowledge - not one time occurrence - adding to knowledge; Time of "milk and honey" - honey is U Energies - milk is energy of Creator - access to both; Hopefully our leaders will make their own decisions to accept T; Would Iran offer their 'milk and honey' to rest of world - walk away from war in Gaza - Middle East in next few days; If man decides to carry on with old behavior - bring change on the side; Extensive teaching about neutron; Plasma understanding extends or reinterprets current physics understanding; One is about Soul & other P - both come from same interaction of fields; Neutron is physical manifestation of energy; Universal Energy is unlimited; One neutron is measure of plasma; U Energy is one continuous line of feed - does not gather or interact to become a plasma; Like a reserve tank with continuous flow; Explained in Books 1 and 3; Size of neutron in this U dictated by central gravitational field forces of this U; Slight variation between neutrons on Earth and U; Central Black Hole - dictates size of this U; In Unicose not all universes same; SS, galaxies not the same; Size dictated by M fields, strength of packages, and environmental condition - creation & release of electrons; Always has to be a Twinity condition - depends on environment; Sun has Twin; In nucleus proton and neutron are Twins - with electron; balanced structure; In matter physics neutron splits into proton and electron - releases energy; Don't have in plasma; In plasma the split creates new field strengths; Interaction of fields and Sun

create plasma of elements on Earth; Matter state divides releases heat; Plasma releases fields - create secondary plasmas and more; Understand how stars are created - how our Soul becomes center of star; Catalyst to bring rest of fields from U together; Soul already M field - become center of star; About what nuclear decay is; What 'half-life' is; How atomic division takes place; Like division of cell in womb - receives energy - splits into two more plasmas; Split occurs when imbalance in sets of Twinity packages of protons, neutrons, electrons; Protons and neutrons pair up as Twinity - some add electron as Twinity; About electron orbits - only so many electrons - not random; Sun will reach imbalance of Twinity and explode; Micro in Macro in structure of physical side of U; No difference in energy transfer on Energy side; DNA has half P and half Energy; Everything dictated by Central Line whether cell, SS, galaxy, U - all dictated by fields of Creator of whole thing; Like Family Tree; Plasmas inside of other plasmas - like cell in the man, SS inside galaxy inside the U; About 'orphan neutron' in nucleus - MaGrav Positioning of electrons, protons, and neutrons - conjunction with other pairs to keep the distance; Size of energy in each one - decided by central line of U, in that U; Size and amount of fields - not same in all U - depends on what created it; Same as what happened with organs in body - plasmas inside plasmas; Environment decides size and shape of organ; How created Naomi's brain - re-grow kidneys; Daughter of Mitra amongst us - recognized by many - next cycle of knowledge; Not a physical event; Birth of new knowledge - for whole U; Naomi's condition due to ligament problems - surgery; They stopped plasma use with her; John Wells from Argentina passed; From Koran - grab the thread of the Creator; Unicose like ball of yarn - Creator is single thread wound up; We are all part of that thread - cannot be separated; Never separated from Creator; Depends on what field strength we become; Iranian culture have Tree of Life - central trunk goes up divides into 2 branches - more & more divisions; Central trunk is Creator - tree grows continues to divide; Symbol for Creation; Trees are rooted in one position - doesn't kill - use fields of environment to live - very similar to the Creator; Creator feeds His Creation through Universal Light; Tree of U spherical - made from C14 - division of fields; Shape of U oval; About crystal structure and the light reflected; How lasers are created - focus light back in one dimension; Plasma boundary formed like water fountain - water goes up reaches limit of its field strength - falls back down; Doesn't come straight down - splashes to sides; Boundary is balancing point; Same with creation of neutron; When splits to proton and electron is where field cannot go any further; Exactly way light works; How size of U is determined - boundaries dictated by strength of fields coming from center - balance point at boundary; C14 extends to its balance point - converts comes back in; Central Field Forces of U continuously go to boundary and return back - to maintain shape of U; This is Love of God; Fields of Creator continuously pass through all of us - to reach boundary; We receive beauty of Creator within us - we are never left alone; If these fields are not there - hole in U; Will teach you how to determine if fields are coming from Center or are reflected; Travel back on ones to Creator; Without fields from center U - cannot exist; Always receive Love of Creator - H - reflected fields are C14 - creation C60; Part of 80% comes from Creator - goes through us on way to boundary - to confirm existence of U; I haven't been on a Persian carpet for a very long time; 2008 achieved flight in Iran - fields were in matter state; New reactors are in Energy state - totally different state; Knowledge from being user to being a creator; Disseminate knowledge through Iranian education system, TV - announce worldwide what

governments have been hiding; Heart is M field generator; Artificial heart on level of P with STP; Cu & Fe in blood flow through heart - M fields; All electric current in body comes from heart - not just heartbeat; Electricity is wireless - pulse of field energy like a Soul - spreads & feeds whole body; Science has no clue about it; Describes how it works; Why STP in heart; 2 energy pumps STP and STM in the heart; Organs function same way; Collective interaction of organs creates STP; About BRICS; Important to bring balance to world - counter to Dollar; BRICS has a Soul and Spirit - bring a lot of good; Does the heartbeat synchronize with the other heartbeats; All the heartbeats are created on differential positioning - man, Earth, SS, U; This heartbeat resonates across the World of Creation; Heartbeat of STM synchronizes with heartbeat of U; What happens to those with missing or irregular heartbeats; Why do we have irregular heartbeats - what does that do to the emotions - connected to STP and P; What comes from outside effects inside; Each cell has heartbeat - collectively connects to heartbeat of STP; When connects to heartbeat of heart - automatically connects to STM - combination of 3 - balances life of the cells in body; Why cells have a particular life span; Riddle: race between the hare and the turtle - turtle is bone structure; Hare is fields of skin; Humanity hypnotized by TV; Younger generation hardly ever watches TV - connected Internet; phones, Apps; Only thing left for Mankind is hope; Neutron is created by fields of environment - gather in strength to certain size - manifest themselves according to G field positioning of central line of U; Neutron is plasma - has no physical D; Created anywhere; Old system assumed an atom was a proton, neutron, and electron; It's the light and love of Creator - causes everything through C14 effect - physical manifestation through C16 (?? C60); R: Thank you for your hard work in the background of working day and night for peace, and it is making a difference, that's for sure.
