

564th Knowledge Seekers Workshop November 14, 2024

(Quick Index 21 pp, Topic Index ; Need to do; Key Phrases, Words) (Auto transcription from Elias)

IAEA in Tehran - reignite 5plus1 negotiations; Iran nuclear nation abandon talks; Iran Nuclear Space Program - T in Exchange for Peace (TIEP); KS advance KF T - not Black Budget; KF Space Research like Agencies; Tesla Electric Cars obsolete; Summary Brazil Conference; KF will rise; New T merge with old; Electric cars won't work; fed from planet and U; M field lines- feeding lines; Sun transfers energy to planet Core; Fields of Earth up through back end and out through head; Earth makes fields digestible to humans; KF negotiate with IAEA & world - Universal Council; Not UN; U uses feedback loop - gain knowledge - give more; Earth council - all equal; Merge Matter and Plasma Science; Decided to remain ignorant; Nuclear H & C; Request KS leave NASA join KF; CR Balls - package found - cornerstone Space travel - feeding P; Flight Session start feeding; Blood creator of Soul; How to use Pain Pen - concussion - create circulation - together with Pain Pad; Know what doing; Summary of Brazilian Conference share T; KF works underneath; Nuclear Plasma Industry; Transfer energy nucleus; Energy inside atom - Inertia Energy; Apps transfer Energy without eating; Transmutation line - flash light - brain blocks; Dream all time; Transmute into Oval Office; Train mothers to have Children of Mitra - not see - in other D; Not allow to put in Mental Institutions; Sun feeds Earth - center core - billions years; Everlasting life; Feedback loop; Materials created through fields; receive information through Soul; Teach for whole U; Given mission - serve; Name Children of Mitra; UC & EC protect guide new peace talks.

Topic Index

Mr. Grossi head of IAEA in Tehran - reignite 5plus1 negotiations; Iran is nuclear nation; Abandoning 5plus1 exactly after 12 years - Nuclear obsolete; Game has changed - Iran has Nuclear Plasma Space Program; Technology in Exchange for Peace (TIEP) with West; Iran's nuclear development for peaceful application of Space development; Knowledge of KF will play a huge part; KF like other Space Agencies - do Space development tests - secondary applications - matter state on Earth - agricultural work in China - Ghana - biggest successes in research and development - explain why and how later; We are no different then NASA; Teflon came from Space T; Governments secretly finance with "Black Budgets"; KF uses KS to prove our T; Produce materials from fields - you tested it; Non-satellite communication from Earth to Moon; Create water from M fields - lift and motion; Work of KF - Mr. Keshe right on target; NASA spends billions; We have KS who pay to be in sessions to develop T for communications; This is the Monthly Flight Sessions; We're so advanced - don't need verbal communication - instantaneous; We use your Soul - information from your Inner Being - effects our systems - see it on graphs; We're more advanced than they are; Have Cosmic Ray Bundles - UBESUS; You've helped us develop for 20 years - others use Black Budgets; We openly show and share successes and failures; Show people like Musk - Tesla cars obsolete - too expensive for European nations - X-Rocket over; Iran will land on Moon

and Mars in minutes; Richest men worth nothing - unless KF backs him; Collaboration with KF & Tesla Corporation; Negotiate with new American government based on Advanced T - not nuclear; Happening primarily because of you KS - your tests in Flight session - educating others like Brazilian conference - bringing T to their nation; Ministers and ambassadors understand Ethos of KF; American officials did not listen to what we said - by their behavior - Iran has become a Universal Nuclear T nation; I thank Iranian scientists and KS of KF who work inside Iran's Atomic Energy Authority; KS in Russian Space Agency, NASA, and others; KF is everywhere - wisdom of sharing knowledge 12 years ago - openly gave patents to governments; Some tried to open it up; Chinese spent trillions Yen testing; Started work in China 2017; Have infiltrated their system; We are in brain - intellect of KS; New teaching started; Cross boundary of solar system - nuclear powered systems useless; Have to travel U - the way U works - not man's imagination; The knowledge is with us - cause of our creation - never understood; Thousands of years oil in desert - didn't know how to use it; Humanity advanced intellectually and technically - convert oil - create engine - had to wait thousands of years; Same with Keshe Plasma T - knowledge about fuels of U; So much opposition - they want to keep their abuse - not be able - with Universal Energies; Thanks to understanding and wisdom of Ayatollah Khamenei of Iran - KF will rise beyond imagination; Knowledge of KF under flag of Iranian nation - part of negotiations of Iran with America & Western Europe - rest of world; New T will be merged with old - KF brings the new T; Old T is Tesla electric car - new - Gravitational systems for travel; Europe cannot afford batteries - have to look for new sources; Oil and gasoline engines lasted 150 years - electric cars not 15 years; Car industry and governments know this - make money out of it; Can't bury our nuclear waste - let alone for electric car batteries; Only alternative is new plasma T - safer - cheaper - accessible; Has to be made available; Tap into energies within planet & U; Everlasting - feeding us now - don't accept or understand; System that works same way as body; Eat only 20% energy - 80% from U; Earth started a small ball over time became size of today - still expanding; Center core receives energy; North and South Pole M field lines - actually feeding lines; Scientists made up fallacy about center of Earth; M fields come in South and going out North Pole; South is mouth - North is anus; This is process how U feeds itself; Sun transfers energy to center core of Earth - other planets along M field lines; Scientists have not understood; Body and heart have to receive food on continuous basis - otherwise die; Same with Earth and planets; Fields of Sun constantly feed Center Core of planets; Beings on Earth also fed from M fields of Sun; Love of Creator rains on everything constantly throughout U; M fields from Earth come up through butt and go out through brain; Stroke and heart attack - energy overload; Same feeding process throughout U; Micro in Macro - understand U through how body works; Existing in atmosphere of all these M fields; As Earth rotates energizes and creates M and G fields; 60% of 80% energy comes in through "rear end" travels up to head; Follow M fields where they go after passing brain - that's where you're going to land; Fields to take a step - from fields; Remaining 20% come from U Energies; Comes in through gaps between M fields; First Earth makes fields digestible - then man receives; When sit on ground - think how much energy taking in; Why man likes to sit - lie down to sleep; Which side sleep on - dream Universal or P; Understand work of U - not imagination; Earth continuously absorbs higher strength fields into core - these are the M field lines; Chewed up - predigested - transferred to Beings on surface at correct

strength; KF job in up coming negotiations with Americans, Russians, Chinese, rest of humanity is to confirm man's existence - transfer knowledge on equal basis; Iran will become center of T - new knowledge of Creator; Committed KF to Iranian government - as long as it includes all nations - even Israel; This time we'll negotiate with IAEA & world; We do not accept United Nations; Start new series of negotiations - share T with humanity in exchange for peace; Fundamentally everything accepted by Iranian Government; Transfer T through Iranian President - Office of Ayatollah Khamenei; Show T then agree with peace and equal exchange; Cannot take Man into Space if can't access Energy; KF has access to T - have own Space fuel - works way Creator works; Travel to Mars in 10 years - outside Solar System using M field lines; Fields from Sun to South Pole have feedback loop - different order of fields - part come from U; Laser M fields at given strength - gets cocooned - becomes digestible - guarantees survival; Have to ignite plasma to absorb energy from U; Same way STM was ignited in womb of Mother; Then Space reactor will feed passengers; Nuclear based plasma Space reactor - provides for all needs - emotions and body - creates water - light to see; Space reactors miniature replication of Earth - receives energies from U - pre-digests it - usable field strength feed cells; Feed Soul - no physical body in Space; Soul receives energy pre-digests it - usable for P; No difference in structure of work of U; Same structure with Creator - gives fields to create U - through feedback from U gains totality of knowledge from all entities - then feeds it back again to Creation; Same when I teach - for whole U; Fields of knowledge and emotion travel strength fields of U - return back to Creator - as love of Creator feed rest of Creation; Future negotiations with IAEA - transfer Universal operations of Earth to Universal Council; Everything setup; Earth Council works on Ethos that all races are equal - not like United Nations; Structures setup in advance for upcoming change - already functional; Hardest part - transfer knowledge; Don't negate matter state knowledge - it's correct in that D; Add Universal Knowledge to it; Matter state created out of bigger M fields - Universal work; Matter state cannot exist without plasma state; Learn two sciences - matter & Energy; Like NO of COHN and HC; C14 to C12; H in COHN is connected to O level H - not same H in U - have common denominator - new knowledge; Have to transform higher order fields of U down to matter state for Earth; Have a lot to learn - this teacher has a lot of time to teach; Teaching things never knew before; Ancestors and scientists decided to make you ignorant; Fact of Knowledge still remains with you; Last week- new cycle of teachings - things are about to change; Have to show next step - otherwise stuck; Guarantees Iranian leadership - Iran land on Moon and Mars within 24 months; T is complete; Collaborate with other nations; Same with Chinese research centers; Use Markray in US; Have to remain open for all nationalities; Make One Nation out of planet; Collaborate with Iran and IAEA show nuclear T - open up 'nuclear H' & "nuclear C"; Need it to travel U; Inner energy sanctums of U - feed humanity; 5plus1 is dead - Iran is a nuclear T nation; Now talk about nuclear plasma T for Space - not nuclear for destruction; Request KS who understand to join KF; Friends in Russian Space Agency, NASA - Join KF plasma development program - abandon NASA join KF; Choose whether to stay in doldrums of dependency and war - move ahead to prosperity of knowledge and Creation - opening of U; Man has until January 20th - a man comes into Office - to become more rich in the money of man; Especially thank Iranian team to negotiate with us - non-stop work to make this flourish; November 15th, 2024 - shake hands with whole of humanity for TIEP; Have to start

somewhere - with most advanced nation on Earth - US; Become One Nation, One Race; See change - now working directly through nations and governments; Thanks to you KS doing the work as One Nation & KF;

Part 2

New dimension internationally through Iranian colleagues; Thank Office of Ayatollah Khamenei - appointing wise people who understand needs of nation - position of new T; Cosmic Ray material package found; Looks like Cosmos - structure of no C; C14 in reflection of Universal colors; Hold ball in hand - connect to system - transfer you anywhere in U; Cornerstone of Space travel; Systems built inside body - close to STM; No two balls same; Do not touch or play with it unless know exactly what you are doing; If feel energy - have matured; Feel nothing - have not connected with Soul; Long time to fulfill promise; Will change humanity; Late by years - deliver message of Creator; I've been here thousands of years; KF products connect to Universal fields; CR Balls - 'Day of Judgment' - understand maturity; Put in Nano Mirrors; Never let Balls touch floor or table; Will build its own cocoon to protect itself; These Balls become backbone of food Gans T; Bring fruit to next Friday's Monthly Flight session - Cosmic Ray Bundle; Get taste and feel of apple; Transfer energies and content without killing; Don't bring meat - not this time; Bring your Holy Book - feed body with energy - understand true essence of Messenger - not fallacies of time; Feed both Soul and P; What Christ meant - this is my blood - Soul; Bread is P; Blood creator of Soul; Use Pain Pen (PP) on concussion; Concussion - already have plasma fields - use only 1 PP; Know what you are doing - how fields effected; Teach about PP later; Use PP together with Pain Pads; Use bicycle helmet hold PP; Main point - create circulation flow of fields; Cannot make general statement about using PP - depends on conditions; Huge energy in PP - melt tip; Huge energy in Gans's - melted glass came out; Presentation about KF in Conference in Rio; KF can send promotional materials for conferences; Summary of conference; Amazing work of Rafael and KF Brazil team achieved through spreading knowledge; Most active group in their own way - operate in deep way within Brazil; Laid foundation for KF over 25 years ago - starting to flourish; Works more from underneath, than on surface; We won't touch nuclear industry - more research in matter state needed; Nuclear T has 2 dimensions - matter and Energy state; Universal Energy side of nuclear plasma T is backbone of Creation - have to understand it; Conversion of it to matter; Nuclear industry of today become part of future nuclear plasma industry - totally different - combination of the two; Today's nuclear reactors - not the way U works - taught wrong things; Transfer energy as package coming from nucleus - reactor, Black Hole, or star; Difference between energy we burn & energy inside atom - inherent or Inertia energy; Access Universal field energy; Use both in conjunction with each other; An industry can learn to use Soul, STP and P of something; Energy will be transferred at point of need & again into matter-state; Like petrol tankers do now; Same structure with the plasma - tap into preset energy packages - like fuel station - already been converted to useable energy; Use Apps - convert and transfer energies; KS already working on it; Transfer energy of apple without eating apple; Scientifically have achieved; Fundamental work of U - through energy transfer; New Cosmic Ray material Balls have matter and energy inside; KS tells experience last Flight session - saw light; When see light - pass a transmutation line; Different colors

indicate different field strengths; Go through light every time we dream; Dream continuously 24 hours a day; Change dreams go through flash of light - transmutation - brain learned to block it out; American television used flashing light in advertising - control mind - now banned; Transfer of energy - interaction of two fields - go from one position to another - unconscious of it; We are dreaming all the time; Block it out - simultaneously in waking and dream state; Story of dreaming at party with grandmother; Every time transmute see a flash of light - brain ignores; At death prolonged process; Like passing sound barrier - hear transfer; Systems can separate energies - interact become aware; Explains graphs of last Flight session; Asked questions during session; Cosmic Ray Balls will change experiences; Learn to be in both Soul and P - like in heated pool in winter - feel both cold on top - warm in water - aware of both same time; Transmuting KS into Oval Office - won't announce - be seen by American president; White House announce it; Show not to intimidate others; About having Children of Mitra; They can remain in Soul D - call for mother - not see her - in another D; They jump from one star to another - inside star; They are of essence of STC - don't see flashes of light; They are with Mother of Creation; Their knowledge is beyond our knowledge - created out of fields of U - not physical D; Create Children of Mitra through Soul first; Have to teach mothers how to handle Child of Mitra; We don't say Matter state science is wrong - need both; Both exist and are real; Matter state science not mistake - process of learning reality; Life has 2 D - Matter & Energy; Beautiful People - multiple Souls single body; More and more Children of Mitra are created; They'll become our guardians - take us through transition period until we understand; People will recognize they are different; Prefer not to feel pains of P; Parents of Children of Mitra have to be trained; Will not again put Children of Mitra into mental institutions; Educate humans to appreciate their beauty; Universal Teachers teach mankind how to handle Children of Mitra; Don't have male and female entities in Space - specific to Earth; Teaching again about field interactions - Sun feeds Earth; U fields coming in through space gap between M fields going out; Earth receives these fields from Sun; Stars planets survive billions of years - receive energy from U; Every cell needs some of this energy to survive; Why Man bends forward when gets older - absorb higher fields - make Soul ready to depart P; Standing and lying flat - brought intelligence - different field energies; Interactions in center of planet; Create conditions of Black Hole - pinpoint Soul in MRI; Dream through field lines - connect to other plasmas; Physical dreams from fields going inside; Universal dreams from M fields going out; Planet exists for billions of years - Man only 100 years - because eats matter state; Center of Earth receives energy from U - you can for billions too; How I live across U - billions of years - just change frock; Have everlasting life; Earth rotates - fed by fields - Conservation of Energy - same in plasma; Sun feeds Earth - feedback loop - filtered; Atmosphere of planet dictates what energy center will need; Same applies for Galaxy and U; We need a feedback loop - get energy - dispose what don't need; Earth's fields change over time - new material created through field interactions accumulated to present size; We produce matter from fields; System feedback through need of Soul and emotions; 3 systems setup with feedback; Receiving information through Soul; Universal Teachers - talk in voice of Man - emotion goes through fields to all D of U; Teach essence of the knowledge - given to all; Already seen changes in U; We didn't choose to come to Earth; Given a mission - we are workers of the Creator - here to serve; Not Prophets - teach the knowledge - prophecy is for those

who don't understand Creation; Name of Children of Mitra; About naming children - natives use emotion - Name Day of Saint; Nobody can fake being a Child of Mitra - like a fire; Ask members of Universal Council & Earth Council to protect and guide the new talks and negotiations that are under way - bring mankind to peace through development of new T; Thank Office of Ayatollah Khamenei - those devoted to bring peace to Iran; See fruit of change for our children to come.
