manifest existence of itself; We are Twin Souls on this planet; With Twin create new life and new PPP & emotion, intelligence and enlightenment; STM interacts with Twin creates emotion; Which way rotate; How they feel when near to each other in different positions; Do they need to be inside or just near each other; Each has own energies - destinies; What Time - to be in; What Position & Possession will they meet again in; STM is seed for creation - another U - how does it choose Time & Place to meet its Twin - create new Time & cycle; STM has no Time & Possession until it decides according its field strength - inherited energy - Place to manifest itself - needs of its environment; STM Twins with STP create P on Earth; STM without STP can't manifest P; Twin Soul - chooses its Time - lifespan; Not be same rocks & rivers like in this D - carries emotion of P of Man within it - anger, hate, love, caring; Why diversity in physical structures of U - see volatile or calm stars - or ones that can create life; We need to answer to all these observations; This is teaching of enlightenment - future of Creation - understand own Soul; After 70 years only think about P life; Think about how we prepare Soul for life in U - how much strength we have added; Think only about vegetarian or meat eater, other things; Think how we are ingraining our Soul with these behaviors - adding to its genetic fingerprints - physical life extremely damaging; Time to learn how to gather fields for Soul's existence in U - rather than having more physical time on this planet; too busy worrying about useless physical life - should prepare STM for its life in U; Consider what field strength, Time, D it will have in U; Soul can become seed of U; What does it rotate around - or direction of rotation - to make what kind of creation; How close does it need to be to its Twin Soul - what size U make; Creator's Twin is Mitra; How to track Time of Soul; Travel with transmutation - go places & see creatures never seen before - but inside we know them; STM receives more energy from U than P; Track ancestry from Creator - how it became to become; New Space T - able to track fields of Creation - like tracing ancestry with DNA; Use field strength, Mass & Weight - but in D of Energy - not matter; We are created out of Weight of fields of U - by interaction with each other - become Mass without field strength in energy - constant everywhere in U; In U don't measure Mass - measure energy interaction of M fields in motion; Knowledge through communication - where emotion, intelligence, understanding of Creation becomes enlightenment; Through enlightenment & its control & understanding Creation of U - create Time; Emotions are fixed - intelligence in different D; Only thing which can change Time for STM is enlightenment; True enlightenment through controlling field energies of U; In P when Man becomes enlightened - sees Time in front - can tap into original fields of U - virgin fields have not interacted with others - get enlightened to Totality of Creation; Becomes part of Yin & Yang or Adam & Eve - part of everything else; Become another partner with Creator; Become part of Creator - It was created by Itself; Like: I have gathered enough strength to match or be equal with You; Can stand on own - share - give - become part of Creation; I am the Creator and I create for Me to be, that I am; U stands on one leg - Time, Place & fields of Creator on another; Whole Creation in Totality is Twin set with Creator's fields and Energy; This is how Creation is created; What we see as all of Creation & Unicos is the Place for the Totality of Time; It's Totality of emotion of Twin of Creator; It's what is within Creator; When Man understands - will be able to measure M fields - D of Creation & Time; What scientists say is 13 billion years is speck in time scale of Creation; Instead we should be looking for Enlightenment Time - will understand true meaning of life & time; Time as Man created

it - is very flexible - works with smallest 'fractions & frictions' of totality; Understand true meaning of life & time; When learns about true essence of Time - will follow path to Creator rapidly - will know Time his Soul will take another life; Like transferring his RNA & DNA to another D of RNA & DNA - then there is no time; Time is always zero - every step & strength Man starts a new cycle in different dimensions and strengths in U; I made Man in image of Myself - timeless and limitless; Understand about your Soul - doesn't come from physical side - from Universal Energy - why at death goes back to where it came from; It was created by gathering more fields of U - like vacuum cleaner - then starts new PPP & emotion, intelligence, enlightenment; Cycle of energies Man came from lead to creation of more advanced information in next cycle; How far ahead in time are those we consider more intelligent - they have gathered more; Have to look at evolution of Soul - Time, emotion, intelligence, enlightenment; Have a lot more to understand about Time; Learn how to divide Time - in cycle of Soul; What is Time from position and Place of Creator; Only way to change Time is through enlightenment - brings in all energies of U, physical and non-physical, understand operation of both; Why we are called Universal Messengers - we understand and live in both D of Time and Energy; It needs time of their own maturity - why we are patient with Man; Time for Man to be enlightened - about to come - but he always escapes to stay in P; Still need more knowledge - not from stars and Cosmos - but looking at energies of stars and their life - how they came through fields to be where they are - where will go; What is origin of a star; Manifestation of it as a star is beginning of Time for that cycle; Where did it come from; Didn't happen how scientists are teaching us - don't understand; Science has never watched energy being transferred into a star; Instead created many fallacies without truth - they are not enlightened Souls; Understand Time as fields and energy - have everlasting time and life - will not be attached to P; Transmutation is test - need to trust to become Soul; Being a lonely driver in U for your Soul - not pleasant; Need to confirm Position in respect to another field; Need to confirm our enlightenment from another who is equal to us - our Twin Soul; New teachings coming - path is through Time, intellect, & enlightenment to Creator; Past 10 years of teachings - mature by 12th year; Man will be enlightened to true knowledge of his creation - not P Time with sounds and emotions of Man; Be ready to understand more about yourself - use every tool Man has to bring enlightenment to Totality of Creation; On this planet some of Universal Community have already been enlightened to understand Totality - but within their own limits;
