Topic Index

Clarifying Newton's mistake of 300 years ago - Einstein as crook not understand; Light is M fields - H & C14; Light is both wave and particle - photons; Particle - manifestation of God in matter state of Creation - waves interact to create particles; Particles can become waves - One is creator of other; Newton forced his particle theory on others - to become Head of Royal Institute; Humanity stuck with Newtonian Laws - some incorrect - when particle moves in dense atmosphere - creates wave of itself; H becomes particle & behaves like a wave - interacts with C24 or C16 - becomes matter; C14 becomes Mass - creates wave - which creates matter or particle; This is not understood by Science; Two slits test proved wave - Newton's test proved particle - both right - didn't know why; Depends on frequency of wave & pulse of particle - whether it converts light to wave or particle; Light of Creator as H interacts with higher order changes to particle - becomes C14 - essence how matter got created on planet; What frequency - does light become particle or wave; Higher frequency - shorter wavelength & straighter - becomes laser with power to destroy - melt surface; Make wavelength longer - laser opens up - becomes emotion - not penetrate another to destroy; Instead creates vibration - gives emotion through amino acid (AA); Use in transmutation - emotion is connection between STM & STP - start at lower frequency & longer wavelength - then squeeze it to target wish; Create wave between STM & STP - pressurize each other - creates light; Man comes from interaction of fields of Me - that vibrates with his own wavelength - interact with atmosphere Earth - manifests P; Same as light becoming particle; By breathing change emotion bring fields of STM & STP together - create new Time - which creates transmutation; You become beam of light - M fields beyond Speed of Light; M fields of STM & STP find balance within each other - manifests Man in Time, Place & Position; True emotion at lower strength of P emotion - higher frequency - faster speed of light for Soul travel; Einstein never understood - Newton understood half - stuck on light as

particle; Light is Creator - H that creates wave - becomes C14 - particle; Interaction of wave with reflection of another wave - creates matter; The two slits experiment makes stripe of white & stripe of black (darker) on other side - friction between particles created both wave & particle same time; Black stripe - really Black Hole (BH) - created interaction of two entities - Soul of center & Soul outside: Happens in brain - STM & STP interact within center BH (STM) and white stripe is white brain matter; Physics never understood - interaction of light with entity creates wave & waves interact with themselves create particles - light; Two waves - create white and black stripes - like BH & white brain; Higher and lower order wavelengths interact- create plasma of STM in center; Higher wavelengths interact with waves of own frequency - creates BH - STM - Yin and Yang; Solves Dark Matter; Become invisible to observer - balance inside and outside; Taught U has boundary - no boundary it's never ending; We called U as far as our flashlight of knowledge could see - wrong; Plasma is cylindrical - creates waves in vacuum of Space - friction; Waves hit something - create more waves - these reflected interactions of itself - create matter; No boundary of U - keeps creating waves & matter - we only see as far as our knowledge allows; U is really Unicos; No Universes - Creation simple - no end; Our knowledge has restricted D of U; Directly see Creator through knowledge of Man; Teach to open direct path to light of Creator; There are no Universes - it's a collection of centralized positions - source of energy comes as a light of itself - it vibrates and creates waves - interacts with more reflections of itself - create matter entities - these vibrate and create waves which interact with each other - and create particles; It is a false understanding that our Soul goes to another U; The most important teaching for Man is about Ethics & understanding Creation - your Creator is in center - you made up Universes, not Him; We try to teach you - it's you who made the barriers; Light of Creator within every STM - when it vibrates creates waves of lower strength - emotion - this creates our emotional life; Receive Creators light everywhere - like Sun - even on back of planet; Barrier put by religions - Prophets for their own profit; Don't need intermediaries - they keep you from understanding my Creation; I am the return of Christ - Methi, of my own Soul - I reflect light of Creator within me; No Universes - Totality sits within structure of Creator; I am Him, I reflect His light through my Soul; At death - free Being - land anywhere in Creation; Creators H shines on all - through interaction and reflection becomes C14 - through environment becomes C12 - physical body; Light reflected in prisms is spectrum and each color has its position in rainbow - always in same place; Same with light of Creator - life is in every position - interaction with Creator's fields manifests in respect to own Time, Place and Position; Life not exclusivity of Earth; Wave of fields of Creator interact with itself - create sun & enlightenment - interact with waves of themselves create P - stars, human race, living Beings of U; Creators light continually reflects back on itself - keeps creating life; Remove myths about Creation - nothing between us and Creator - except veil of imagination - Man created for himself; No need for Prophets & their profit making; Man has direct connection to Source; Receive same fields - same love - love kidney same as heart; Written on UN - humanity is part of the organ of Creator, for Man to understand; At death become part of STP of Creator; Is our Creator part of bigger structure of the Creators; Temples, concepts of planets, Galaxies, and Universes deny the truth; Prophets got enlightenment, then abused others for their own benefit; Creator shines directly on STM; Children of Mitra - born out of waves and emotions - not P of Man; Does Man

need Messiah - or understand Man is Creator Itself; Universal Teachers - understand Essence of Creation - not fool ourselves with names of Prophets; I hope you open your eyes to truth - don't need intermediaries - unless you think yourself ignorant and want to be abused;

Part 2
