Topic Index

We are Black Hole - receive fields from U; Fields interacts with plasma creates reflections - by-products - interact with each other further creations; Cosmos fields interact with Earth's plasma - we receive GM fields called - radiations, interact with every cell in body, STP & STM; These reflected radiations are missing certain fields - Man kills to make up for missing energy; Inertia mass of elements in area we live - create body - why look Chinese, African, etc; Man & other creatures kill to make up for energy - but it's additional energy like a 'dessert' - actually to make dessert a little more sweet; Main dish is Cosmic Rays (CR); Exception are Vertical People - don't kill; Any creature with emotion needs that additional energy; All the teaching are for compensating for lack of energy; CR materials & Balls, Gans's - compensate a little & so does KF work; Elevate STM - receive all energies from environment; Many races have learned to do - Man will also; Tune energy of STM to Spirit; Spirit becomes weaker - forces Soul to feed it; Stronger always feeds weaker; Feed P; STM receives CR energy - feeds STP in M fields of heart - secret to stop killing; We taught you how to transfer energy in 2014 the 129 Tesla Live experiment; Stronger M fields feed weaker and weaker absorbs higher order energies; Learn to transfer energy backwards, from heart to fingers and skin; Reverse of

brain hemorrhage & heart attack; Transform higher order energy to a lower order - feed body's energy channels - from blood to lymph vessels at top of lungs; Create demand at extremities - tips of fingers, toes, skin - dissipate excess energy in heart; Use STM & emotion send energy in reverse, out of heart; Blood flow like electric current & lymph like 'Eddy Current' - reverse direction; Lymph feeds every cell with neural system - not kill; Vertical People - trees - do this with CO2 energy to live; Man learns don't need to breathe, eat, drink - no mouth - absorb energies through brain for all cells; Same operation in deep migraine headaches - lose appetite - not feel hungry - created a pressure on STM - absorbs energy from environment and feeds body through reverse flow using lymph vessels that come out of blood veins - don't even have to breathe; Scientists misunderstood P - made up many fallacies - created backwards technologies to confirm stupidity - everyone believes it; Accepted fallacies of how body works - see wrong things; South America used Nano T - burnt vegetation - thick layers of ash - increased M fields to enlightenment - received knowledge built pyramids, etc, transmuted as group - suddenly abandoned cities; Ash and charcoal become Black Hole - absorb spectrum of energies beyond imagination; KF doing same at Space City - using ash - understand work of U - receive higher energies directly to Soul; Black soil fed Soul - filtered energies passing through Earth - to STM; Workers at KF not sick - saturated with fields in greenhouses; Workers eat tomato - rest of plant burned - have deeper and energetic connection directly to - observe how they change; Are workers receiving enough fields to make up for missing fields from Earth - elevate their Soul; 4,000 square meter greenhouse; Give us answer to what happened to disappearing cities in South America; Became enlightened to Knowledge of Creation - received higher order fields; Ash layers get thicker each year of burning; How we'll provide for missing energy from Earth; Refracted fields of U interacts with Soul of Planet - not provide enough; Creating a Nano material filter - make up for missing energy; 300 plus stainless steel grade shields against affects of Earth's M fields; Create layer of separation - M fields of iron balances gravity of planet; Ash becomes separation for plasma fields of body - replication of T; KF use 20 tons ash in greenhouse - change environment of lab; NASA spends billions to do tests - KF research centers only few months; Workers become more intelligent & independent - by adding Nano materials, CR T - eat less; Holding CR Balls - receiving fields - Black Hole - create separation - barrier for Soul & Spirit become separated from fields of planet; Soul & Spirit - M fields of body; Through knowledge compensate for & connect to Universal Fields - transmutation easy; Take drugs, live on ash, saturated with fields of U - separate fields of planet from STM - takeoff; Understand how South Americans got elevated using Nano material, leave planet, increased knowledge, pyramids, etc; Continuously walked & lived on fields of ash - Nano T - separated themselves from fields of Earth; Ash Black Hole - connected to higher order D; Fields passed higher energy to STM & Spirit, then body; Every Man takes from this T according intelligence; When receive higher order energy intelligence moves in that D - understand more about Creation; One Soul reaches - easy for others to follow; Like pieces of magnet - not lose energy as it gives to others - elevates; Gave more secrets about life today - how to separate yourself, become detached, from fields of planet; Now can create point of detachment; KF make mat - create same condition through CR fields; Muslims have prayer mat - KF Plasma Mat; Detachment becomes easier - connect to U fields by thinking - travel U through transmutation, not transportation & D of P; Deep knowledge

coming up; Ready for 666th KSW - you decide to use knowledge become part of World of Creation -instead of killing fields of planet; Now understand what has to be done - for yourself; Every Man carries own 'suitcase' of shame & blame, knowledge & intelligence;

Part 2

KF Store & Enlightenment Game opening up - connect them together; Space Center developing in China - new technologies will be shared; Gradually bringing in scientists - all over world to work collectively; We've become the center of intelligence - beyond Man's imagination; AI become a weaker choice - choose information through STM, not mechanical structure of electronics; Bright future; Use ash to change Mankind - elevate to understand Creation; Join us in different fields of T - create conditions for knowledge to spread; Open door to U Community - come out in open - already amongst us - add to our knowledge & T of STM - not matter state science; Intervals between heartbeats not related to spacing in spiral of Soul - plasma; Humanity & scientists not have this knowledge of Creation; Should have understood long time ago - didn't; When Life starts - see a pulse & not frequency; Heartbeat is a pulse - belongs to World of Plasma - don't have knowledge; Gaps in higher and lower heartbeat, etc. - characteristics of a Plasma; Plasma is DC - interacts on boundary becomes AC; See light, create atmosphere, creates D of a plasma; Body not run on frequency - runs on pulse of heartbeat - Gans T , gases in Nano scale; Problem - re-educating illiterate scientists call themselves academicians, professors, doctors, etc; Heartbeat - whole body lives in plasma condition - key to understanding Knowledge of Creation; Mankind decided to ignore - ignorance is bliss; Forgive them for they know not what they do; Life within range of pulse is plasma condition; Pulse hits solid material - reflects back - becomes matter state frequency; As pulse remains a plasma of U; When interacts with another spectrum of M fields - becomes frequency and matter state - how heartbeat creates skull, muscle tissue, and body; Secret why can re-grow amputated leg; Understand effects of pulse & frequency; Pulse created by 2 plasmas interacting with each other - plasma of STP interacting with STM; STM - own pulse and life cycle; Plasma of Spirit interacts with plasma of STM - creates pulse - create conditions of life; Why can use STM to feed Spirit, then P; Man - most ignorant creatures of U - but he thinks he understands - denies everything else; Example of top academician in China - made fool of himself in front of Generals; He said impossible to transfer energy into matter; His ignorance ended academicians control over science; Detailed story of how KF created gold out of fields of U for Chinese Military; Historical record of KF; Accepted knowledge relative to people in charge - rather than the knowledge itself; Huge block for developing humanity; KF freely shares knowledge with everyone - each only understand according to own intelligence; Top academician lied and falsified lab report showing gold; Generals hosted Mr. Keshe to a very high place of honor & apologized; Biggest enemy of Chinese World of Science - its academicians; Heartbeat converts energy into matter every second of life; No life without heartbeat - converts U Energy to matter physicality of body; Bring huge changes in progressive knowledge of transportation and transmutation; Copy how body converts energies of U into ourselves; Fields from Creator; Pulse of Me in interacting with pulse of Man's heart becomes body of Man - which is Me; I made Man in image of Myself; Trying to teach Man for millions of years - pulse converts into frequency; Creator never
