660th Knowledge Seekers Workshop September 17, 2026

(Quick Index 13 pp, , Topic Index ; Need to do; Key Phrases, Words) (Auto transcription from Elias)

Absorb Universal Energies (UE) - give energies back - Beings made from our leftover fields; Every creature's body is like galaxy; No two cells exactly alike; Understand Man's physiology - Compare Macro to Micro; Body like U - interaction of M fields; Absorb 80% energy from U - trap more energy - create Black Hole - conditions of new star; Single polarity objects - only give or take - enigma; Body - single polarity entity - G field - STM is M field - feed each other - how heartbeat created; Advanced Plasma and CR T - create a heartbeat; How heart & every cell creates its energy; Bipolar system - P & STM - each single polarities - one takes & other gives; Every cell has same system - different strengths; STM and P releases energy, creates current - is M fields motion & physical life; Fundamental plasma physics - convert M fields as current/energy - creates motion - how U & stars move; Not in Newton's Law; When convert & interact M fields with current - get motion, expansion of U - expansion of cells - motion of blood within blood; Motion of fields of U; U M fields work same way in body; Matter state of U - CR & M field interactions; Current & M field create life; More field interactions, more life; Each one has own beat & M fields - creation of cells - heart, brain, blood, & every motion of P; Interact M fields of U with M fields of Soul - creates current with M fields of Spirit (STP) - match & interact them - transmute STM; How dream - M fields interact with current of heartbeat; How heart creates pulse through CR fields within 'sun' of heart; How STM creates energy for body & motion; Mono-pole M fields - Soul expands over entity; Spirit compensates from lymph; STM creates star; Generosity of STC; Transmute - bipolar condition - P or STM; How UFO works; About separating P from Inertia planet, etc; Man's leftover energy - create other lives - one life within another; Field of STM interacts with current of heart - transmute, etc; Reason for heart attack, brain hemorrhage - energy of heartbeat change too rapidly - disturbs STM - paralysis, speech loss, etc; Control breathing & heartbeat, change M fields & current; Fields interact STM create emotions - travel; Fields suddenly hit density of brain, paralysis; Stroke by heartbeat of Spirit, not brain; Heart & STM create motion - but if push STM out of center - death - otherwise stroke; Control heartbeat & rate of flow with STM - motion & emotion; Know where you want to be - aware of time of propulsion, etc; Man control freak; Control time of death - gravity & M fields of Soul, current of Spirit/heart; Transmute by will; Live Ethos of Mitra; Old age heartbeat slows down during sleep - die in sleep; Don't need massive energy - Life travels at lowest fields; Secret of Creation - make current weaker, pulse weaker on same current - expands Soul, travel; Transmutation - not separation STM from P - control by electromagnetism and current - fundamental theory thermodynamics of plasma; Lower heart a little - makes dreams; Aging - STM travels faster from weaker current - don't dream anymore; Secret of Creation - how U expands; Understand & be detached from planet - transmute; If don't learn - Soul forces transmutation to next destination; Re-register for KF Store - upgraded - credit cards; Open own store in Enlightenment Game website; Cash Coin (CC) in Game - later convert to KC; KC - social currency; Teaching on ionization - matter state condition - not exist in Creation; Atomic structure creates ions - part of creation & control of Inertia; Convert energies of U, interact with Earth - matter state; Instead use plasma; Ionization - Nano structure

electron - Inertia of planet; Ionization - Gans state electron in energy matter, controller of Inertia; Advanced physics; Transfer energy through matter; How heartbeat works; Cells & Soul not take energy, instead create heartbeat, rapid fluctuation, harmonics of plasma of electron - UFO - repulsion and flash; Creates radiation; Plasma fields do not have radiation - comes from friction with lower states; How produce X-rays; Easier way, use plasma; How radiation created, Gamma Rays, etc; Why heartbeat has rhythm; Body has CR, plasma, ions; Huge radiation from motion of heart - Gamma; How blood energized, not O2; Plasma & plasma of ion, or electrons interlocked, creates body Inertia, holds elements together, Inertia; Soul committed to other Beings - not usually reincarnate back to Earth; Resurrection is transmutation - secret of Creation; Reincarnate as human - very difficult; Church made up religious terminology of resurrection - for fools; Purpose of physical life, create Soul, enlighten; Man has resurrected - lower order, attachment; Higher attachment-Soul of Creator; Transfer body; Plasma cars; Starlink satellites military; Register annually, waiting, Austrians accept KC; KC test phase - Resolve legal matters; China wounded - betrayed by India, expected BRICS currency - sold 60 billion American notes - convert to gold - crash currency; Reverse Rothschild's plan; Currency vacuum - KC not promote war; Need government support; Questions about Enlightenment Game answered by Eckmar; Transition period 5 years, convert to currency, Revolut; Plasma fields when playing Game; Breathing exercises; Vietnamese players & ambassador cheated; Thousands of KC not needed - Apps supply food, etc few cents; AI computers obsolete; Will not create two-tier society - they robbed other 90%; KS become part of research team in Space Center - make a living - market own goods; About changes; Make gold at home; Use of T, same as accepting; KS saved 200 Iranian parliament members with Gans - take over plasma; KS who betrayed KF; We are here to serve; This time T take 5 years; Americans failed with Cryptocurrency - Trump made money; If governments don't play - we'll release it; Don't need acceptance - work accomplishes itself; Use of Nano T of KF, etc; Test humanity with greed for knowledge; Mercury poisoning in Canada - dental fillings.

Topic Index

Studying fields of U - how we are made from - how things are made from our fields; Absorb Universal Energies (UE) - give energies back; Every human body - like a galaxy; Every creature on planet - body like galaxy; No 2 cells - exactly same; Understand Man's physiology - Compare Macro to Micro; Body is like U - interaction of M fields; Absorb 80% of our energy supply from U - trap more energy; Trap enough energy - create Black Hole - conditions of new star; Single polarity objects - total givers or total takers - enigma to Physics - research; Body - single polarity entity - it's a G field - STM is field - together feed each other - How heartbeat created; Advanced Plasma and CR TR - create a heartbeat; How heart & every cell creates its energy; Live as bipolar system - P & STM - same time have single polarities - one takes & other gives; Teach about Creation - every cell has same system - in different D & different strengths; STM and P releases energy and creates current - creates M field motion & physical life of Man; This is fundamentally how plasma physics works; No engines to move matter state - convert M fields as current/energy - creates motion - how U & stars move; How very first fields of U started to move; Not understood by Laws of Newton; When convert & interact M

fields with current - get motion, and expansion of U - get expansion of cells - motion of blood within the blood; Motion of fields of U - within structure of CR; M fields work in U work same way in body; Matter state of U - nothing but CR & M field interactions; No life if don't have a current & M field - one in convergence to other creates motion of life & U; Tighter you pack the entities - more life you get - because more field interactions; Each one has its own beat, own M field - allows certain energies to be filtered - leads to creation of cells - heart, brain, blood, & every motion of P; To transmute use M fields of U together with M fields of Soul - create current with M fields of Spirit (STP); Match them - can transmute STM - either control one, or understand how to interact both together; How you dream - use field strength of P of blood, creates M field - interacts with plasma or M fields, with current of heartbeat; Travel back to body in microseconds - to wake up; When body finishes its repairs - current flow changes from Spirit - get motion; How heart creates pulse through CR fields within 'sun' of heart; How fields create current - goes up to STM - creates energy for body - moves Soul; Mono-pole system of M fields - Soul expands & takes over entity; If Spirit cannot compensate from fields of lymph - death - Soul separates & takes energy of Spirit with it; When STM comes into balance - creates star - depends on environment Soul has tuned its field strength to - generosity of Soul of Creator - within energy of P of Spirit; When transmute - understand which bipolar condition accepted - attached to P of planet, or STM; This used in UFO - how motion created; Separating P of Man from Inertia of planet - get motion, protection, soft landing; Your leftover energy - responsible to create other lives; Existence of one life within another; Watch where body goes during transmutation - control field strength of STM, M field without D - interacts with current flow of fields that heart continuously creates; Reason for heart attack, brain hemorrhage - energy fields D from heartbeat change too rapidly - disturbs M field flow in STM - gets damaged - paralysis, speech loss; If understand - easy to transmute; Why need to control breathing - control heartbeat, change M fields, and current; Fields interact with M fields of plasma of STM - create emotions of Soul - use to move travel; Fields suddenly hit density of brain, mayhem - paralysis; Stroke created by heartbeat of Spirit, not brain; Heart continuously generates energy - current flow of fields interact with M fields of STM - together create motion - can push STM out of center - death; If energy not big enough - stroke; Control heartbeat & rate of flow - interact with STM, create motion & emotion in body; Don't need system to transmute - understand process - be aware of exactly where you want to be - anywhere in U; Be aware of time of propulsion, etc; Man not ready to understand - can't control it; Humans are control freaks; If understand this process - gravity of fields, M fields of Soul, current flow of Spirit that comes from heart - then you can control time of death; Man not understand this secret; Create transmutation by own will; Live by Ethos of Mitra; In old age heartbeat slows down during sleep - travel U through Spirit & STM; Elderly die in sleep; Man imagines needs massive amounts of energy - Life travels at lowest fields; Soul leaves when current slows down; Secret of Creation; Dream because lower blood circulation creates lower M fields & current with STM; Secret - make current weaker, pulse weaker on same current - allows Soul to expand, create motion of travel; Transmutation - don't need to create separation of STM from P - control & travel through science of electromagnetism and current flow of same thing; Fundamental theory of thermodynamics of plasma, U fields; Lower heart a little - creates lower field that interacts with Soul - makes dreams; Dreaming and traveling at a lower

field; As age - fields become lower, but STM actually travels faster from weaker current; When weakened by old age, don't dream anymore, gives push to higher order plasmatic dimensional motion - secret of Creation - how U expands by billions of kilometers every second; Secret of transmutation; Understand & be detached from planet - transmute; If don't learn Soul force transmutation to next destination;

Part 2

Re-register for KF Store - upgraded - use of credit cards; Open your own store in Enlightenment Game website; Only use Cash Coin (CC) in Game - later convert to KC; KC as a social currency, not national currency; Bring a lot of Ethos with our work; Teaching on ionization - matter state condition - not exist in Creation; Atomic structure creates ions - part of creation & control of Inertia; Convert energies of U, interact with M fields of Earth - change into matter state; Instead work with fields of plasma and energy; Ionization - Nano structure of electron - work with Inertia of planet; Ionization is Gans state of electron in energy matter, controller of Inertia; Advanced physics; Need for transfer of energy through matter; How heartbeat works; Cells & Soul not take energy, instead create heartbeat, fluctuation in fields of plasma; Rapid fluctuation, harmonics of plasma of electron - rapid expansion in UFOs - repulsion and flash; Creates radiation; Plasma fields do not have radiation - comes from friction with lower states; Same way produce X-rays; Easier ways to create X-rays - interaction of fields of plasma - lower energy matter state; How radiation created in U & CR - plasma fields; Gamma Rays, etc; Why heartbeat has rhythm & continuous - muscle energy field strength - plasma of Inertia of blood; Body has CR, plasma, ions; Huge radiation from motion of heart - Gamma ray, etc; How blood energized, not O2; Use to increase plasma energy; Plasma & plasma of ion, or electron interlocked, creates body Inertia, holds elements together through own plasmatic Inertia, not matter state Inertia; Advanced thermodynamics M fields; How UFO works; How Man changes position and emotion - backwards understanding; Transmutation - knowledge of how Soul manifests itself in P - knowledge of emotion - decides if wants to manifest; Soul committed to other Beings in other D; Soul not usually re-manifest back on Earth - strong love; Resurrection is transmutation - secret of Creation; Reincarnate as a man - very difficult; Transmute from A to B - manifest yourself at B - not forever, go to new places; Religious terminology of resurrection - for fools - Church made up; Purpose of physical life - create the Soul, manifest in other D - STM to enlighten itself; Create new star; Transmutation scientific understanding; Resurrection by man has been done - lower order, attachment; Higher attachment- Soul of Creator; Can physically transfer body; Plasma car - package to install - soon - research is completing; Starlink satellites have military & civilian use; Register annually with KF Association in Austria; Waiting for Austrian authorities to accept KC; KC accepted by one government - test phase; First resolve legal matters; Get one nation - rest follow; China 'wounded' - betrayed by India - PM bribed; China expected BRICS currency turn to Yuan - instead sold 60 billion American notes - convert to gold - crash currency; Governments moving gold out of US - into own central banks; Reverse Rothschild's plan since before World Wars; Create huge problem - vacuum for currency - KC - leading contenders to fill vacuum - first international currency; Belongs to no single nation; 2 year window; KC not allow promotion of war - opposite to Rothschild's

structure; Evolution & revolution by people against nationalism; Need huge support from governments - supply their servers and support - release 100 billion KC simultaneously worldwide, with no hacking; Questions about Enlightenment Game answered by Eckmar; Create our own ecosystem - pay with KC; Transition period (5 years), convert to fiat currency - Euro, US Dollar, etc; Need a Revolut free online bank account; Plasma fields - when playing Game; Game about learning and collaborating instead of competition; Learn patience - next decade; Do breathing exercises while playing; Many new tools coming; Transfer plasma fields to Game; Explains in detail how Vietnamese players and ambassador managed to cheat; Still greed around; Legislations to hinder small shop owner from posting; Why KF giving thousands of KC when not needed; KF Apps will supply food and other things for a few cents; Annual costs under 50 Euros - why giving 10,000; Purpose - bring equality to everyone; First scientists in Space City research center; AI computers obsolete; Will not create two-tier society - that's for those who will lose privileges - robbed the 90%; They separated Man to rule - all this will go away; Allowed him to go too far - too late to stop; KS working with KF are changing; KS can become a member of research team in Space Center - over Internet - like university - participate from your home - we charge you in KC - you can make a living - housewives can become plasma researcher; Millions can join research - market your own goods - work for yourself; Let those who want to stay in matter state, stay - we continue our work; Asked Central Bank of Austria about KF gold production - said impossible - won't accept; Compares to diamond business - now changed by T - Russians make diamonds cheap; Microwave sized machines to produce gold at home; Issue licenses to companies; KF take value away - no grounds for war; Will they accept T; Use of T, same as accepting; During "Virus Time" - KS save 200 Iranian parliament members - then wanted to take over plasma - corruption; Look what happened to KS who stole and betrayed KF; We are here to serve; This time the T will spread across world - 5 years; Americans failed with Cryptocurrency to pay debts; Only Trump made money; If governments don't play - we'll release it; We don't stop because people haven't accepted - our work accomplishes it on its own - don't need acceptance; Example how world is using Nano T of KF, etc; We're not here to make money - to fundamentally change basis of knowledge, etc; Test humanity with greed for knowledge; Support a community poisoned with mercury for decades in Canada - need to first analyze problem - then apply T; Mercury poisoning - dental fillings - Alzheimer's, etc; T can help.
