661st Knowledge Seekers Workshop September 24, 2026

(Quick Index Part 1, , Topic Index ; Need to do; Key Phrases, Words) (Auto transcription from Elias)

We exist to experience & communicate with each other; Eyes & ears - different spectrums of M fields; KF teaching take humanity into Space; Can't communicate with animals, trees - narrow-minded - limited to what like to hear; Created emotions to fit spectrum of detection - downfall of Man, can't communicate with anybody else - says nobody else exists; In Space Beings don't have mouth, eyes, ears; Earth - use physical body & STP; Space use language of STM; M fields strength diminish as we age - sight & sound; Soul knows language of U - same spectrum as plasma of Creation; Alien responds to love & care - feed you; Next step - understand language of U; Soul already knows - dream; Converts emotion & sounds of Soul into P; We are a transformer; Spectrum of frequency of emotions; Language of U unique and in unisons - everybody else in U feels same; Become part of their society; Communicate with all others in Creation; Sixth Sense - listen to Soul - voice inside -Souls speak to each other; Humans deny stay inferior; Object's have Soul - communicate with our Soul - warn; Each has emotion & information about itself; Knife has cells/molecules - objects collective Soul, communicates with our Soul; Classify things; Listen to emotion of Soul, connect to other creatures; Giving to you; Create true M field strength of love - find specific combination fields - correct; Put into motion of fields; Americans make up Aliens; Ayatollah Khamenei - keep Space flight secret - asked what next - led to KF space T development energy, agriculture, medicine; Flight sessions tested T; Have to be able to communicate in Space - M fields carry emotion; For transmutation have to be able to communicate; Create Children of Mitra through love; Races of U intermarry; Energy of love, unique to humans - Blue Planet; Match strength of P to Soul - emotion & language of U; Universal language; Not force will on created objects of U; Communicate to objects; Promised to bring Man, as equal to UC; Prophets & Messengers; Leader says, annihilate a nation, his nation will be annihilated; Man's Master is his Soul, P doesn't know; Emotions of STM, & STP, match - twin; STP carries P; STM communicates through emotion with P; Man made mess of Blue Planet; Share emotion with child - true love - get physical response; Planet - school to learn Soul - communicate through emotion; Frequency bandwidth of emotions; See Creation; Creator is lowest strength - beginning & end - language & emotion of U; Emotion's frequency; Frequency of Soul - passes through everything - emotion crosses U; Become humble, zero point - everything will move; Love & emotions - bedrock of communication; Man took physical image, not Soul image of Creator; KF reached milestone; Need physical scientists to make things, convert knowledge into something usable; Lab technicians; Plasma vacuum - pull apart G and M fields - vacuum in space gap - 2 fields rejecting each other; Loading plasma reactors; Working with plasma don't mix with matter - not work; MaGrav - follow rules; About Dr. Carl Jung - subconscious - mostly STM - not understand; Humans massive center of M fields with diversity; Neural & M fields - dynamic structure forever in motion, cannot stop; Every cell continuously undergoing evolution; Emotions affect every cell - cancer; Multiplicity of environment, inside & outside body - created unique human; Feel changes, weather, etc; Diversity of environment - diversity of emotions to fit; U - mono-structure, limited combinations; U learning from humans diversity & its body - create new D from it; Few degrees tilt -

Earth fascinating place; Created new emotions to fit life; God got entangled with diversity; Life in U monotonous; Update on ONN Units; Problems with software; No government interfere; Not ready for knowledge of breathing - understand what emotions from breathing; Control breathing - know why; Current & M field - add to breathing; Create current through breathing, target using emotion & M field; Emotion created from breathing, direct it; M field is emotion & intention; Current - when move muscles, target; Create right emotion; Want to elevate or connect to Soul; If not work, don't understand - don't need to remember; Create Pulse - detachment; Problem with Employment recruitment process - KF; Yogananda's - body didn't decay - KF understands science - energy preservation of physical tissues; Gurus - authentic state of Energy - After death remain in Energy state - until absorbed back into environment; Plasma saturation, locks matter state; Cells can live independent from brain - Cosmic Rays; Secret lab in Belgium; Space Defense T; How to deplete plasma; Monk's body incorruptible - bi-locate; Belgian appears in Tibet; Nation cursed with pedophilia; Christ did it on cross; Lebanese monk - healing oil; Iran - heated bath 1 candle - KF replicated; Heat whole nation; Science how nature works; KS reaching balance - transmute; Can teach you how; Main focus - KF financially self-sufficient - continue work centuries; Government can't control; Massive technological developments; Scientist bringing revolution - car; Criminal US President - annihilate nation - beginning of end - rotten; KC not create inflation; Communicate with loved ones through Soul.

Topic Index

Exist to experience - communication with each other; Eyes & ears - different spectrums of M fields - different purposes; If understand can respond; KF teaching take humanity into Space; Can only communicate with ourselves - not animals, trees, etc; Narrow-minded - limited to what like to hear; Created emotions to fit spectrum of detection - downfall of Man, can't communicate with anybody else - says nobody else exists; In Space Beings don't have mouth, eyes, ears - how to communicate; Earth - use physical body & STP; Space use language of STM; As we age strength of M fields diminish - sight & sound diminish - compare to grandchild - fields used for other purposes; Don't have spectrum Aliens can hear - can't see you, etc; Use Soul - knows language of U - same spectrum as plasma of Creation; Alien responds when show love & care; They'll feed you; Next step - understand language of U; Soul already knows - do it in dream; Man created filter - converts emotion & sounds of Soul into P; We are a transformer; Learn how to connect & understand communication between emotions, and spectrum of frequency of emotions - interact with Universal Community (UC); No language schools in Space; Language of U is unique and in unisons - if we feel joy, then everybody else in U who carries this plasma - also feels same joy; Transfer love & care to Aliens - become part of their society; Communicate with all others in Creation; Transmutation - learn how to connect emotion to STP & STM; Have denied - say can't do; Have Sixth Sense, means we listen to our Soul - voice inside tells us not to do something - saves us; Their Soul speaks to our Soul - call it Sixth Sense; Human race diminishes & demolishes himself, stays inferior; Difference between how Europeans & Iranians love; Object's have Soul - communicate with our Soul to warn us, if in danger; Even a stone has a Soul; Object or knife - its Soul tells our Soul danger; Each cell in body has emotion & information about

what kind of cell it will be; Knife as object also has cells, molecules - collective Soul, communicates with our Soul; Objects have collective Soul; Denied this knowledge - cut off ourselves from communicating with U, crippled; Classify things as hearing, voice, vision, this for talking to trees, understanding Aliens from Mars, etc - put together; Don't need to learn different languages - only Soul, graduate from Space University; Listen to emotion of Soul, connect other creatures; Don't need language - frequency of red is red in every language - known by all in U; Love is love to every creature; Give 1 Tesla M field, they give 3 Tesla's back - they're loving & feeding you; Communicate through love to lover - watch how respond; Create true M field strength of love; Have to try till find specific correct combination fields; Put into motion of fields; Why only Americans see Aliens - make it up themselves - pretended to land on Moon; Ayatollah Khamenei - told not to tell others about Space achievement; Not to announce at UN; Asked what next - led to KF space T development energy, agriculture, medicine; Monthly Flight sessions tested all the T; Need to be able to communicate in Space - through M fields that carry emotion; All research thanks to his life; When can't understand creates anger - leads to war; To transmute - need to be able to communicate - not part of others; Cannot cuddle Aliens, metals, detrimental; Interact - explain feelings; Create Children of Mitra, from fields through love; Races of U intermarry - mix breed through fields not matter; Energy of love, unique to humans - Blue Planet - moved the Creator; KS practicing transmutation CR Balls, etc; Expand M field strength of P to match with Soul - match with emotion & language of U; Universal language - same amongst all in U from a plasma to most advanced physical cultures created & societies; Do not try to force your will on other Beings or created objects in U; Move cup through emotion; Learn to communicate to objects; Made a promise to his Creator - take Man as equal to UC; We are the Prophets & Messengers, Teachers - bring Man correct way; Leader says, 'we will annihilate a nation,' his nation will be annihilated; Man's Master is his Soul, teaches how to communicate with UC, P doesn't know; Emotions of STM, & STP, match - twin; STP carries P; STM communicates through emotion with P; Blue Planet - most beautiful thing in U - Man made a mess - wrongdoing, denying, ignoring, deliberately demolishing any connection & correction between the STM, STP, P & P of U; Try to share emotion with child - has to be true love - get physical response; Planet is a school to learn about Soul - communicate through emotion; Frequency bandwidth of emotions; To see Creation - need speed of light - frequency of sound; Creator is lowest strength - go back towards zero - beginning & end - language and emotion of U; Emotions not hundreds of thousands of Hz - only tens of Hz - penetrate everything in U; Light not pass through wall, sound can - lower frequency; Frequency of Soul, low, passes through everything - emotion crosses U; Not shout - lowest frequency; Emotions of sadness, joy - lowest frequencies; I am yours, take me, I'm in love with you, you can have everything - go to zero, become like Creator; Don't need to force - cup to move; Become humble, zero point - everything will move; Love and emotions are bedrock of communication; Teaching of today - mature to transmute and communicate, have pleasures of Creator and Creation; Man took physical image, not Soul image of Creator.

Part 2

KF reached a milestone - looking for scientists in advanced levels of technologies and Space T to join; Need physical scientists, people who can make things, convert knowledge into something usable in Space; Opportunity open to everyone; Large number of lab technicians; Plasma vacuum - not about being void of atoms; Easy to create, hard to maintain; Pull apart G and M fields - create vacuum condition between; Impossible with matter state, not with magnets - need plasma; Understand how M fields interact - create space gap, then expand; Rip open field between the two energies next to each other - vacuum - two fields rejecting each other - space gap; Developed technique for it; Loading reactor - don't necessarily need plasma vacuum; Haven't understood steps of creation - know you're working only in Energy, fields; Don't mix the two together, doesn't work; MaGrav, works when follow rules - clogged up; About Dr. Carl Jung - subconscious - mostly STM - not understand; Humans massive center of M fields with diversity; Problem with neural & M fields of body - dynamic structure forever in motion, cannot stop; Every cell continuously undergoing evolution - change; Emotions affect every cell - upset get cancer - create conditions in body; Emotion - huge umbrella, covers every cell - amazing part of being human; Multiplicity of environment, inside & outside body - created unique human; Feel different during season & weather change; Diversity of its environment, also created diversity of emotions to fit environment; Don't see this in U, mono-structure, limited combinations; U learning from humans diversity & its body - they'll create new D from it; Earth fascinating place - observe its citizens, dog, cat, trees, etc; From few degrees tilt of axis; Created new emotions to fit life - communicate between Soul P of entity; God got entangled with diversity; Life in U monotonous; Update on ONN Units; Problems with software - ready before end of year; ONN is connected to KC & Game; Not break into ONN; There are 35 ONN Units operational around world; Target - no government can interfere; About breathing pattern - not just about breathing - not go further - not ready; Later, release another part of knowledge about breathing; Try to understand what emotions you have when you breathe; Control breathing, motion of Soul, emotions & communication; Know why you are doing breathing method - what want to achieve from it; Haven't understood about current & M field - add to breathing; Create current through breathing, M field - how work together; Target using emotion; Emotion created from breathing, direct it somewhere; M field is your emotion & intention; Current - when move muscles, target; Creates current when direct it to that muscle; M field of Soul hits it, takes care of problems; Understand purpose, method - create right emotion for it; Understand in detail to direct energy - elevate or connect to Soul - create fields & current for it - direct it; If not work, don't understand; When understand, don't need to remember it; Help people remotely; To create Pulse - detachment; Have to work only in Plasma to get plasma results - not mix; Problem everywhere with recruitment process - recruiters not capable to understand, etc; Problems with KF Human Resources department; Paramahansa Yogananda's - body didn't decay; KF understands science behind it; Phenomenon of energy preservation of physical tissues; Gurus - authentic state of Energy - physically die - continue to remain in Energy state until energy absorbed back into environment; KF research - new motors don't work in plasma systems - 6 months later work - plasma saturation, locks matter state; Cocooned in Energy - don't live normal life; Live off Cosmic Rays - cellular level - cell can disconnect from brain - individual entities; Secret lab in Belgium - motors stopped working; Space Defense T - saturation or bed-rocking saturation; Depleted

plasma energy by kiss, touch, fly; Monk's body incorruptible - bi-locate - in 5 places; Belgian woman raped as child - appear in Tibet; Nation cursed with pedophilia; Christ did it on cross; Lebanese monk - healing oil from dead body; Energy system still active; Iran - bath heated with single candle centuries - British destroyed - KF replicated; Heat whole nation with single candle - paper written; Saints learned how to tap into energy - don't need to be alive - science how nature works; KS reaching balance - transmute; These people are taught - I can teach you how to do; Train yourself; KF teaches KS everything; Main focus of T is for KF Internationally become financially self-sufficient - continue work; 2027 KF will become self-sufficient for centuries to come; No government can control us; Massive technological developments; Scientist bringing revolution - when completed, will market it - bring car industry to zero; Criminal President US - going to annihilate a nation - this is beginning of an end; When Man does these things - hit the bottom - most rotten part of human race - we will erase it - they will do it to themselves; KC will not create inflation; Try to communicate with loved ones through Soul; Start learning language of U - transmute, communicate with rest of family in U.
