Topic Index

Continue with language of U, how to understand Others; Show Aliens with human features - arms & legs - very few creatures look like humans; Beings who travel U - not necessarily human like - fallacy; Matter physic measure noise & light by frequency - penetrate; Language of U is STM - no frequency - works through fields of plasma; Universal Community (UC) use energy to talk; STM uses pulses - interacts with fields, not frequency; Does plasma interact and create noise - not in normal sense - because creatures don't have ears; They understand compression of fields of emotions; Feel how you push with emotion; Push at one strength means joy; Pressure and field strength at certain point has certain meaning - only M field strength without frequencies; Learn to create field plasma of emotion, and impression, how we'll communicate; Contact with Aliens - confirm own image of ourselves; Celestial objects like Earth & Sun, don't speak, interact through fields; Heavy interaction get daylight - plasma field strength on our skin means daylight; Sun gets angry - Black Holes on surface; Sun has emotion; Understand

impression of fields on each other, not frequency; KS of Earth & U measure pressure of M fields, how fields bend & meaning - then communicate through emotion with others - feel pressure on our Soul & understand what it means; How we exchange energy with each other; When we give to others - we have to take what is freely given to refill; All the frequencies of everything Man has made belongs to matter state; In plasma, look at pressure & field strength; Field strengths have same strength at all times; Light from a star - measure different things about it - strength at source is same as point we see; Not just light - a composition of energies - tells emotion of planet; Interact with creatures, carry impression of planet - specific field strength; Beings in U know our identity by our field strength; The field strength is same at all points; Have Soul & P, understanding of language is same way; Soul converts it immediately to P for us to understand it; Like when meets Soul of dead Mother, only collection of fields energy - knowledge transferred as emotion, translates for you to understand in P; Learn to translate matter language to field transfer of Soul; Teach languages through Peace Game; Convert voice into emotion of language, also on energy level; Will know Chinese through emotion, same way we dream, can understand the language; Transfer knowledge & emotion from matter state into Energy; Developed T for this - 2 ways, language of emotion of matter state, emotion and language of Energy; Like how Russians developed T for seeing Aura; Color of Aura of STM behind it; Communicate with each other through Souls - not common language like Esperanto; KF already developed T - see emotion they create in matter field strength, through plasma fields; Speak to any human, animal, every Being, understand emotion of fields & field strength; Field strengths universally mean a particular thing; Understand why planets & Universal structures behave like this - what trying to tell us; KF has system - energy into matter & matter into energy - understand language of Soul of Humanity; Sing song of peace - every Soul lay down weapons; Deliver before end of month, Promised time; Reach every 'seed' of creation - understand language of Soul - talk to Soul, cell, DNA, every creature in U - by totality of energy transfer, not frequency; KS try to go deeper - KF Units of 3 years ago, communicate through energy of Soul; New cycles of Soul teaching - how to use system - communicate through Soul, understand meaning of field energy; The key is through the Game, enlightenment brings peace; Touch one Soul through AA - rest of Soul touched; My wish is my command - I wish peace and I've made systems that will deliver it; Travel world - understand emotion of language of Soul - same way we understand in dream; T to translate energy into matter state understanding of STP; T available for Mobile phones, Enlightenment Game; Don't need to physically learn languages; Completion of world peace requires world language - language of Soul; To join U Community - speak language of U, understand meaning of energies; U is silent, some bizarre noises from rubbing of fields; Man burns wood, uses fire to melt, fire in depth of ocean, no oxygen - energy of H converts, melts things - same on edge of solar system - fields of plasma of Sun interacting with its environment; We can create fire of love within STM - fall in love with U; In few weeks bring change - all will know language of Soul; Bring this into motion of fields - transmute; No fear how to survive at destination; It's all brought together as one system; Fulfilling our promise - one Universal language, not a physical language - understood by every created thing in U - create plasmatic field pressure, Soul feel it; Not see light to feel pressure of emotion, or plasmatic fields, or M field strength; Feel pressure pushing, against D of our fields, accommodate it; Always live peaceful life

- interact with fields within our life; Understand language of the planets, SS, impressions of galaxies and universes; There is one language for all U in Unicos - because each communicates with its Creator; Creator is founder, deliverer of totality; Last chapter Book 3 - transfer this energy back to D of P; Do we want to be Martian or from planet Zeus - fields of love and generosity; I made Man in the image of Myself, as Energy, not P; Wonderful times about to come; Everyone cannot become Passengers of U, Soul has made commitment to Creator to start new cycle of life, show beauty of Creator - cannot commit suicide, Soul not matured; In U, no churches, mosques, languages schools, UN to cheat each other, No state to kill in name of Chosen Ones - only Chosen One is Creator.

Part 2

Everything going ahead as planned, close to being executed - deliver our promises; Soon access to Shopify, KF Store; Planning to do delayed Monthly Flight sessions - testing our systems in how to transfer energy & communicate through feelings and emotions - using our system through Enlightenment Game; Learn individually, different kinds of emotions & how it transfers to emotion of Soul; Fine-tune our systems to complete process; Please stay with us and support us that we can complete this last phase; Unifying pattern is Universal Council, Earth Council, Satellite Souls work as one; Earth Council - physical D; U Council work of STM, communicator with UC; Earth Council responsible to understand needs of Man; Satellite Souls come into operation; Gradually reaching, established a lot of things, had to consolidate - now we'll achieve; Establish Earth Council & Universal Council as two separate companies - manage KF - not own; Waiting for nation, thinks superior to change; All Souls similar throughout U - only different in matter state; No difference between electrons - just where positioned; Electron has Soul; If have fields, act & react, interact, need something inside to control - Soul; Reason cannot predict position of electron; Electron has no position - circle reaction, center dynamic; We have Soul - interact accordingly; Explains again about past lives - information they claim - kept in (plasma) RNA; DNA gives physical features of ancestors - eyes, etc; RNA carries energy and emotion - remembers Soul Energy field; Inherited diseases through DNA; Past life - Man only looks at physical side, not emotion & Energy; RNA sits next to DNA, as part of it; Past life - RNA records; Memories of Space - where grandfather's Soul has been; Soul married to interaction with fields of the others; You are created from their energy, too - not just DNA; Like Microchip - keeps loading more; Silver nitrate, plasma - bacterial infections; Plasma is source - don't need matter silver - create conditions of fields, interacts with both energy & matter levels - understand how to bring it about; In Space no silver - use fields; Decide if working with energy or the matter - 99% of KS not understand; Play with fields at different strengths; We learn by experience - create conditions; Play with the energies, creator of these conditions & diseases, find solution; Discussion about man not paying rent, addicted - do you put him on street; Take horse to water, cannot make him drink; Addicts don't change - getting what they need; Present condition of chemicals used in society, depends how affected brain structure & mind - change structure, hard to solve; Understand background; Narcotics, then alcohol, new chemicals added together - bigger problem; Roller coaster in America closed - people getting brain damage; Can't help chronic addiction - mix with alcohol & tobacco - spectrum of energy - creating new energy levels, condition becomes

dynamic, creates its own new energies - creates different characters, or personalities inside person, schizophrenic; Don't see these new conditions in small villages of Africa, etc; Addicts have multiple characters inside them - change over time; We know this from research - C, N, O mix - tobacco adds frequency to it; Tobacco creates new Souls; Western diseases - drug, sex, rock & roll, so-called freedom culture; Even if they quit narcotics - alcohol and tobacco keep it going; New energies, Souls are created - like schizophrenic multiple Souls; Expectation creates different emotion; Innocent cigarettes - feeder of condition; At moment no solution; In own life, have to draw line, how much can handle; Tobacco & alcohol - CH bond connects things together - C, C14, H - single plasma, source of Soul; Problems with drug treatment programs - access to bad characters get deeper into drugs & crime; Problem not physical, on energy level; Keep habit of getting energy from cigarette & alcohol - creates second cycle of energies; Handling these cases for 40 years; Once it starts, cannot stop; Narcotics, and new designer drugs - don't know what they do; We don't work on physical level, always handle through Soul, have to confirm multiple Souls being created - see in our system - they create children and grow - new energy fields; Just like how planets are created; No solution at moment; Hardest to become detached, invested energy in person - parents with addicted children; Each cigarette brand different ingredients and fields, changes the conditions; Not simple to handle; Big problem with new Energy drinks - Carbon coloring - act same as narcotics; Especially US - no restrictions; Children vulnerable - lose control; Narcotics, sugar, etc. big cocktail - nobody knows what it does, getting worse; Children becoming hyperactive, autistic - from coloring not sugar; Detach yourself - don't need to kick people out - try to understand how to handle emotion; Work through Soul, find him a place to be looked after, same time you'll feel satisfied - both are happy; Being detached, is not - you don't care; Create a structure to make it happen; You don't abandon somebody in need and walk away - understand how you can live with your actions; Part of process of loving someone and caring; No obstacles to connect to Creator - only think there is; Not aware of your Soul; Research about how DNA changes with different emotional experiences: When changed location, still same result - means Soul connected to Soul of Creator, reflects it - does not matter where P is - if you understood, then you understand; Famous beggar died, found millions in room; You are rich inside, but outside you choose to live this way; Never in human history a machine enlightens - have T now; Religion most profitable business in world; There will be no religions - have knowledge within us - not kill and take; Man is ready for T & knowledge transfer; Not building churches, temples - knowledge in heart & STM; Churches & priests rob you; Only person who loves you is your self. Technically & scientifically possible to reach whole of humanity through Mobile phones; Don't need the sword - knowledge; People devoted to see it happen; We are supported in every way to achieve World Peace & create balance for Humanity; Give Man goal of conquering Space, but don't want everyone to leave planet; Hair dyes, make-up, skin creams, etc can interfere with Souls communications - minimal; But if it creates a rotation, high blood flow, then yes, or encage certain fields; Perfumes - create environmental conditions - affect emotion and Soul, lot of research on this; Hidden information about those who can give speech at UN; Depends who's behind and benefits; Example of Mother Teresa - surprised by what's in background; There must be many good people in the world? - we are all good - depends; Don't believe in any part of UN - it divides world for those who took it over to profit; It's not just UN Security Council -

whole structure is corrupt; Best "UN" - when Universal Council comes into operation; UN creates more division, more war, for those who make money from it; People who control finances, Rothschild's, British Royal Family, others control UN; British controls Americans from inside - presidents connected to British Royal Family - servants under different names; While trying to stop child trafficking discovered involvement of UN to enslave children and girls for sex trafficking - traffickers protected by UN; UN food policies setup to control - destroys nations own agriculture; UN representatives make lot of money, especially in Africa; Only way out of this mess is Keshe Coin (KC), RKC, and URKC - we will serve the nations; Worst thing happened to humanity was UN; KC will create temporary problem of people becoming lazy - not work - 5 to 10 years; Later structure KC to be payable according to efforts and work; Best option - open Space to Man - keep busy learning new T; It's not going to be all milk and honey; Rothschild's in the background has become biggest enemies of KF; We've been interfacing with them for decades - offered us our own bank; All banking systems now working against KF; We don't talk; Rothschild's have become aware of what is about to happen to them - their structure is to separate Man by money; Our team has to complete system; Mobile phone App will make it available to everyone.
