664th Knowledge Seekers Workshop October 15, 2026

(Quick Index 16 pp, , Topic Index; Need to do; Key Phrases, Words) (Auto transcription from Elias)

Humans stuck on P - worship Sun, trees, what we see; Introduced knowledge of Soul - created religions - control through weakness of ignorance; Discovered most physical knowledge of body; Missing piece, knowledge of Soul, Internal Energy; Parallels, allows Soul to operate within P - emotions, Aura, atmosphere, etc; Aliens understand pressures & vibrations strength of plasma, Soul; P created boundary of skin, Aura, M fields particular smell - feel our emotions in P; Earth, SS, Galaxy do same; Everything has particular smell - body unique odor; What is smell of Soul - how confirms existence in fields; Energy and smells unique; Planets, galaxies, Fire, have own smell; No difference between Micro & Macro; Heat creates smell, body odor; CR interact with Soul of Earth - smell exists in Energy; Know fields of Mother's Soul; 3 scientific papers, change in Science - what is smell of plasma; Soul, Earth, etc. has fingerprint - smell of planet; T - test smell of Soul; Transfer energy over phone - Soul translates to P; App connects to Enlightenment Game - purchase energy of apple, KC; Earth nursery for Souls - depends how elevate Soul, amount energy; Good Souls create stars; Souls of wrong doer become rogue planets - isolated, no light, no smell - biggest punishment, solitary confinement; STP creates expansion for STM to increase strength - becoming smaller, more powerful; Get rid of attachments; Understand how Soul interacts with U fields, smell, emotions; Death - only take Soul, energy level; Elevate Soul - smaller; Man reaches exact D of My image - don't exist, everything exists within; Think about outcome before acting - will it result in star or dark planet - how life works; Each planet unique smell; Man smells of crimes - fingerprint - others shun him - did what Creator forbid; Live peaceful life as STM; All Souls same - differences in field strength - according to servitude; Day of Judgment - STM & STP balanced; Knowledge - access U Energies; Phone App - before end of October, Promised Time; We are Messengers of God - deliver T for change; We provide plasma condition - Soul decides what it will be; Emotion of STM gives taste & energy - same as dreaming; Dream becomes reality; Everyone responsible to understand process of Creation & Energy; Coincidence - Jewish Promised Time falls on next Thursday - deliver T & beginning of 666; Carbon - 666 means completion, new cycle starts - not bad omen - explains - Star Formation (SF) - create fourth reactor - same as cell, CH3, COHN - unbalanced condition creates cell; Fallacies in Physics; Cannot fuse 2 atoms - amalgamate as plasma to bigger plasma; High temperature force a plasma to be created - mistaken for fusion; Chinese captured neutrinos - nearby nuclear reactor; Nuclear Physics fallacy - neutrons physically cross wall of reactor appear in other places - impossible; Neutron into plasma, cross wall in Energy state - re-manifests in other places; Soul does same; Hidden knowledge in structure of 666 - base of SF - creates fourth reactor; Make up fallacies when puts matter into Energy; 666 - time to rejoice - not be afraid; Accept differences in Space cultures; We choose to divide through different languages, races, nationalities; Story, school children - all get along as one - parents teach to be different; Soul - not racist; Planet Zeus allows all races to live on her - manifest according to fields; Story, growing up in Zoroastrians school - leave religions at door, inside all equal; After 50 years message same - Man changes to suit himself; American government said will destroy Iran - because what Persians did 2,500 years ago; Shows

Man not matured; Jews have never matured, remained most illiterate people, kept themselves in dungeons of denial of own existence; Will go back to having nowhere to live; Jews running US - president's son-in-law biggest weapons company, selling for and through Israel; Ashamed to carry blood; Soul, no color, beauty of Creator - live Ethos of Mitra; Don't die, travel U through Soul & Ethos; P can live Ethos; KS changed life; Forest fires burning in Indonesia; Special Plasma T - feed smoke into CO2; Soak curtains in house Gans; KF produce fire extinguishers, not harm humans; Walk into fire - no power to burn; New plasma T above Gans's - field based; CO2 plasma wind - put out fire; After 666 - lots new T come out; Plants take directly from created fields; Indonesia, fires being started; Not interfere with natural fires; Land grabbing for Rare Earth minerals - American government behind; Earth creates hurricanes, washes iron into oceans; Space Center in China; Microwave sized machine - create any material at home; Stop abuse of Africans by Western nations; KC help Africans; KC belongs to the people; Mass release through Game; Decision how to distribute KC from Universal & Earth Council; Connect KF Store into Game; Pre-sell our agricultural products; Phone App gives access to villagers; App testing; Release App & KC October 22nd - beginning of change; Rooms in Game for feeding energy; Play Game become peaceful; Ask military test systems; UBESUS 26; App piggyback on ONN; Apples stay on tree; Receive food as plasma wind; Teaching about function of eyes - equator level - North & South Pole; Eyes plasma; Planets, invisible anti-clockwise rotation of energy; Eyes too close to Soul - invisible field flows; Why dreams feel real; How image made; Convert dream into reality of vision; Images not from brain; Light flash at death - Astronauts; One eye stronger; Use this property in T, cornerstone; Need agreement with governments, UBESUS-26; Soul gets 20%, don't need to eat; Convert plasma matter products back into plasma - no waste; Plasma recycled - dilution- how make Gans; Developed T 2000; 2010 BP oil disaster - changed oil back into energy - incarcerated in Toronto; No more garbage; Areas in Space where energies would absorb us - shielding not work - viruses; Virus, dissolves within you, diluted; Fields of Soul feeds matter & energy from food feeds STM; Tighter means heavier gravity; How STM & P interact - feed each other; Question to you - what is the odor of your Soul.

Topic Index

Humans stuck on P - only what we see it real; Introduced knowledge of Soul - created religions - control through weakness of ignorance; Science has discovered most of body; Missing piece of knowledge is Soul, Internal Energy; Parallel functions allows Soul to operate within P - emotions, Aura, atmosphere, etc; Aliens don't have senses - instead understand pressures & vibrations of strength of plasma, Soul; P created boundary of skin, Aura of M fields, and a particular smell - feel our emotions in P; Earth, SS, Galaxy do same; Things in our environment have particular smell - body has unique odor; What is smell of Soul - how confirms existence in fields; Energy and smells unique; Planets, galaxies, etc have own smell; Fire has smell; No difference between Micro & Macro; Heat of fire creates smell, and odor in body; CR interact with Soul of Earth - leaves trace of its smell; Smell is in D of Energy; Recognize smell of Mother's Soul; Release 3 scientific papers - smell of plasma, change Science; Our odor is our fingerprint in Energy; Soul, Earth, etc. has fingerprint of unique smell; Deliver technologies to test

smell of Soul - same way transfer energy of apple over phone - use CR; Soul translates information to P - feel have eaten apple; Connect to Enlightenment Game with App - buy energy of apple use KC; Life on Earth very different than U; Earth is nursery to create Souls to seed U - where you go depends how much energy you gain by elevating Soul; Transmute to matching strength in U; Souls that do wrong, become rogue planets; Rogue planet don't belong to star, free floating, dark, isolated - live amongst SS, galaxies, universes - don't interact or create an atmosphere - dark energy field matter states; Biggest punishment for Soul - solitary confinement - never be seen, don't contribute to Creation, have no smell; How to smell Soul; Elevate Soul to higher order; STP creates expansion for STM to increase strength - becomes physically smaller, more powerful; In P, bigger more powerful; Get rid of attachment; Understand how Soul interacts with U fields, how it smells, what emotions, will know how to behave & act in P - be detached; Energy gathered in P determines where go in U at death, only take Soul & its energy level; Important to elevate Soul - stronger by expansion; How D of Energy functions; Man's life - totally dependent on Soul; I made Man in image of Myself - when Man reaches exact D of My image - don't exist, everything exists within us - Black Hole of Creation; Realize Energy - detach from P, still use P to create existence in energy levels of U; Before acting think about outcome - become star or rogue planet; This is how life works - how it creates its D & understand Totality; Don't need eyes, etc - know smell of Soul, its strength in life of U; We know how each other feels; Zeus smells of generosity and correctness; Man from Earth smells of crimes - has particular fingerprint; Others shun him; Man's Soul smells of blood - He did what Creator forbid; When learns how to live from fields of U - stop taking joy in killing & destroying - be accepted back; P is suffering - short lifespan, miseries of fighting to survive, etc; In Energy live peaceful life as STM, no cancers, etc; In essence, all Souls same - have different field strengths - according to servitude; Journey of STM begins when books are balanced; Day of Judgment - death - books of STM & STP balanced; STP book heavier, does more wrong than good by STM; Souls with surplus of energy - become a sun - those who have nothing - become rogue planet, nothingness, live amongst others without being seen; Science will understand this process, Universities will teach it - know smell of Soul; Change about to come; Every Soul get same chance to live free life, not be conditioned to kill; Have knowledge to access U Energies; KF launch phone App - feed yourself - before end of October, Promised Time; Prepare STM to join U Community, feed through Soul; We are Messengers of God - we will deliver our message & services - not creating a cult; Deliver T for change; Memory of eating food - will fade; Desires of STP fulfilled without killing & destroying - emotion will create unique condition - tap into U Energy; Everything is ready- time is now - feed Man, provide finances - satisfied - enough to live perfect life; About to deliver this message & T - thanks those who created it - allowing Man to become independent, stop killing; We provide plasma condition - your Soul decides what it will be - like rays of Sun without identity - interact with local fields, becomes gas on Jupiter, gold on Earth, etc; Emotion of STM gives taste of apple - not destroy apple; Apple's Soul has a smell - given to P of Man; Same process as dreaming, smelled and tasted food, woke up nothing there - call it dream; Dream becomes reality - done by you, not us - we only provide fields of U - you decide how to use; Then every Soul on this planet will live in U as star, not rogue planet; Responsibility of every person to understand conditions of existence & process of Creation & D of Energy; Coincidence

- Promised Time in Torah, October 22nd 2026, next Thursday's teaching; We will deliver T & also beginning of 666 - completes old cycle, start of new; Slowly Man's mistakes of past will be erased & every Soul free to become part of beauty of Creator; Cult is love of Creator, religion is His religion, not those who call themselves Chosen Ones.

Part 2

666 & Carbon; 666 means completion - get 9; Completion and start of new cycle - only meaning - not bad omen; Explains 666 - Star Formation (SF) - three sixes hook into each other - comes to balance - new creation is fourth reactor; Same structure in cell - AA makes base; Original sugar, CH3; Same with AA or COHN - becomes unbalanced - leads to creation of every cell; Lot of fallacies in Physics; Wrote paper - fusion .. never come true; Cannot fuse or smash two atoms together; First change into plasma - can amalgamate energies to create a more powerful plasma; CERN - using such high temperature, force a plasma to be created - mistakenly call it fusion - destroys boundary, leaves only a plasma; Chinese captured neutrinos - not understand - relating it to nearby nuclear reactor; Biggest rubbish in Nuclear Physics - neutrons physically cross wall of nuclear reactor, etc and appear in other places; Impossible for neutron or electrons to cross; First change neutron into plasma, then cross in Energy state - re-manifests in other places; Our Soul does same; Hidden knowledge in structure of 666 - base of SF - counterbalance to their fields creates fourth reactor & new D; Man creates fallacies when puts things into Energy - understand how things work; All languages 666 means completion; Time to rejoice - not be afraid; Humanity - learn to accept differences in Space cultures; We choose to make different languages, races, nationalities - to divide; Story, school children - all get along as one - parents teach to be different; Soul - no passport, not racist; Planet Zeus allows all races to live on her - manifest according to fields Zeus can accept; Story, growing up in Zoroastrians school - leave religions at door, inside all equal; After 50 years message same - Man wants to change it to suit himself; American government said destroy Iran - because what Persians did 2,500 years ago; Shows Man not matured; Jews have never matured, remained most illiterate people, kept themselves in dungeons of denial of own existence; Will go back to having nowhere to live; Jews running US - president's son-in-law biggest weapons company, selling for and through Israel; Ashamed to carry blood; Soul, no color, beauty of Creator - live Ethos of Mitra; Don't die, travel U through Soul & Ethos; P can live Ethos; KF changed life of KS; Forest fires burning in Indonesia; Plasma T - produce CO2 Gans in special room & different way; Feed smoke into CO2 Gans production container- cleans air; Soak curtains in house Gans - soak mask - block adverse energies; Takes out burnt smell; Produce machines, fire extinguishers, not harm humans; Walk into fire - no power to burn; Many researches going on; New plasma T - nothing to do with Gans's - field based - breakthrough in Science; CO2 plasma wind - put out fire; After 666 - lot of new T come out from new Space Research Centers; Plants take directly from fields we create - Gans obsolete - next stage of U Knowledge; Local reports in Indonesia, fires not natural - being fueled; Natural fires have to be for life on planet to continue - not interfere - create problems elsewhere; Deliberate fires in South America - land grabbing for Rare Earth minerals; Indonesia - minerals promised to countries; American government causing these problems - set fires to get access to Rare Earth materials for their economy; Protect

yourself; Earth creates hurricanes, washes iron into oceans, create plankton - new growth of life - if stop cycle no life on Earth; Space Center in China; Microwave sized machine - create any material at home; Stop abuse of Africans by Western nations; KC help Africans; KC belongs to the people - available immediately; Mass release through Enlightenment Game, access to KC - rapidly change poverty; Decision how to distribute KC from Universal Council & Earth Council; Connect KF Store into Game; Pre-sell our agricultural products; Phone App gives access to villagers; App testing; Release App & KC October 22nd - beginning of change; App for Apple & Android phones; Access Game through App; Rooms in Game for feeding energy - next month; Play Game become Man of peace through fields - another 2 to 4 years development; Ask military test systems, detect & transfer fields; KS in governments and military; Click App for apple, releases certain energies, feel and taste it; New system UBESUS 26 - see emotion, transfer water through App; App piggyback on ONN - get fields of food, transmute, etc; Use through satellites; Musk using 5,000 satellites for military; Apples stay on tree; Receive food as plasma wind with air - Soul absorb energy; Systems are here; Teaching about function of eyes; Energy comes in and leaves at equator level - has North & South Pole - like all magnets; Eye functions like plasma; Fallacy about fields - come in & out in opposite & all directions, not just N and South; Planets have invisible anti-clockwise rotation of energy - M fields - have Eddy Current, some time opposite direction; Eyes work same way, brain adjusts; Eyes too close to Soul for KF work; Invisible field flows; Why dreams feel real; Eye, spherical magnet, Soul, another spherical magnet; North rotates with STM, energy to neural system - becomes image - how convert energy of dream into reality of vision; Eyes depend how receive & send energy, etc; Eyes & Soul interact - images in dreams - share fields of Soul - field strength of salt; Images not from brain; Soul goes out same way; Flash light at death; Astronauts see flash; One eye stronger; Teach when ready; Use this property in T, UBESUS 26; Cornerstone of our work; UBESUS 26 - wish - appears in hands, through emotion & energy of Soul - move yourself; Need agreement with governments; Fields interact with Soul - get image - energy, emotion & pleasure of apple; System locks to Mother system, asks for the energy, creates it - total package; Soul triggers 20%, don't need to eat; 10,000 ONN Units - adjust themselves to background sounds; Cash Coin (CC) only in Game - converted to Keshe Coin (KC), for KF Store; Convert plasma matter products back into plasma - no waste; Plasma recycled; Use plasma dilution; Open up field structure - how make matter into Gans - same process; Hazardous waste into non-hazardous; Developed T 2000; 2010 BP oil disaster in Gulf of Mexico - Mr. Keshe had system, changes oil back into energy - incarcerated in Toronto; No more garbage; Machine converts garbage; Waste management - into glassy bricks; Plasma Science use M fields, don't lose energy; Differences between electric and M fields; Need for Space travel; Areas in Space where energies would absorb us - shielding not work; Also for viruses; Like sugar in water - lower strength water dissolves & opens up physical structure of sugar - how Plasma T works; Virus is lower strength than you - dissolves within you, diluted in your fields; Soul and matter not incompatible - rather different field strengths; Some strength of Soul goes to matter, feeds P; Some food at strength of STM; STM needs lower strength M fields, but higher order G fields, it absorbs inside; Tighter means heavier gravity; How STM & P interact - one tries to balance the other, both feed each other; Question to you - what is the odor of your Soul.
