Video appropriate for today - completes cycle, everything coming together; Time for UC come into full operation; Not a religion, work through same energy of Souls, bring balance, not enrich religions or their Devi's (Energy behind religion); UC formed exactly as it should have - today is proof; Time for it to start growing; Why the "if" - that is the

human factor and religions; Ukrainian war was war of religions - same in Middle East; Human beings - habit to find an escape; This time no escape; Americans & Israelis attacking Iran is really religious war - disguised under different causes & names; Religions have uprooted each other - end; They need each other to survive; Jews do anything to survive - wait for later to do what planned; This time no chance to start another game; We'll cover evolution & revolution; Coincidence - they started testing UBESUS-26 first time; They answered - I could hear, feel my heartbeat, control it - means reached level of STP; If control heart & blood, can control emotion - means we can change; Use system to make heart of peace; Reunite with U Community; Wartime development waste resources on killing; Peace time advances in developing T and Space travel; AI developing rapidly; US not afford war - peace; Recent event - big lesson for humanity; Christian nations of EU - have to create war with Russia to create jobs - Christians against Christians; Have to bring in Plasma T rapidly - get whole structure moving; The process has started - nobody can stop; 5 Cup Stacker - beacon of plasma signals; New system - another version of 5 Cups, very advanced way; Creation made from Hydrogen (H) plasma - trees, bricks, water, electrons, everything - all comes through a single plasma - that unity plasma is H; Understand behavior of H plasma - conquered U; Don't need nuclear, only understand Fundamental Plasma (FP); Understand its characteristics of communication, energy transfer, motion, essence of its emotion, why it moves - conquered everything in U; FP has everything inside it; Up Quarks, Down Quarks, etc - are really, one is an electron (e), one is proton (P), one is neutron (N), - all are in energy form;

Create Star Formation (SF) - base reactors are e-P-N - create 4th Reactor, an element of itself (Secret to Creation); The 3 change continuously inside - get motion of the fields as a gas - is the energy of its plasma in motion; This is the riddle of Creation;
